

Yes. I would add the documents that most directly support the new testimony about survival, vulnerability, institutional treatment, legal-resource imbalance, faith and the distinction between testimony and documentary evidence. The current finding aid identifies these sections and explicitly separates the institutional record from your own testimony.

Public-Facing Forensic Archive

The Church of Barran Dodger Ministry and Whistleblower Testimony and Ethical & Legal Trust Fund Archive — Finding Aid

A public-facing finding aid bringing together the documentary record, testimony, institutional correspondence, legal and administrative material, published works, YouTube records and spiritual writings. It currently identifies 731 indexed files, including 577 GitHub-backup PDFs, 93 additional Drive files and 61 attached records. The archive expressly distinguishes documentary records from the author's testimony and states that inclusion is not itself independent verification.

What the Evidence Proves

What the Evidence Proves

This is the principal evidence-focused document for testing the new testimony against the institutional record. It identifies correspondence from Comcare, the AAT, APRA, PM&C, OAIC, the NSW Ombudsman, the NDIS Commission and other bodies, allowing the reader to distinguish what agencies actually recorded from the conclusions drawn from those records.

Brief for a Third Party

Brief for a Third Party

A concise entry point for an independent reviewer, journalist, lawyer or parliamentarian. It brings together process outcomes, documentary evidence, gaps in the record and instructions for examining individual correspondence rather than accepting the author's interpretation without scrutiny.

Public Interest Disclosure Declarations

PID Declarations

The original Public Interest Disclosure declarations alongside institutional non-allocation correspondence are particularly relevant to the testimony about seeking protection, reporting concerns and attempting to obtain institutional intervention. They provide a documentary basis for examining what was reported, how it was classified and what happened afterwards.

Whistleblower Protection Record

Whistleblower Protection

This section is significant to the testimony concerning vulnerability and the struggle to obtain institutional protection. The archive identifies material concerning the PID Act, Corporations Act and the documented dispute over whether the author fell within relevant public-official categories.

Legal-Resource Asymmetry

Dare: The State Had Lawyers — and I Had the Record

This document most directly supports the new testimony about being left to survive and advocate without equivalent institutional resources. The archive records the claimed disparity between public authorities with government lawyers, administrative-law expertise and institutional resources and the individual attempting to challenge those decisions, while expressly acknowledging that this disparity does not itself establish that every decision was unlawful.

Legal Pathways and Financial Detriment

Legal Pathways

This section is relevant to the testimony concerning poverty, legal access and the ability to continue advocating for oneself. It identifies pathways including Act of Grace, CDDA, NDIS complaints, FOI and victims' schemes, documenting possible avenues that remain available independently of a Comcare outcome.

My Testimony

My Testimony — Author's Account

This is the principal document for the new personal testimony itself: survival, persecution as experienced by the author, pathologisation, injury, institutional

treatment and the meaning the author attributes to those experiences. The archive expressly labels it “not impartial”, making the evidentiary distinction clear.

Church and Manifesto

Church and Manifesto

This document supports the new testimony concerning faith, being chosen, divine purpose, forgiveness, spiritual identity and divine justice. It contains the Church of Barran Dodger material, manifesto, dedication, charter and chosen-vessel declarations. The archive appropriately identifies this material as the author’s spiritual framework rather than an impartial institutional finding.

Gospels and Prophetic Writing

Gospels and Prophetic Writing

This substantial body of writing—including the identified 210-page compilation—documents the development of the author’s spiritual interpretation of suffering, survival, purpose, forgiveness and faith. It is particularly relevant to the new testimony that the experience ultimately strengthened rather than destroyed the author’s faith.

Published Works and Professional History

Published Works and the Clipping

This section places the later testimony alongside the author’s earlier public and professional history, including Recovered, Not Cured (2003), the Herald Sun material, The Age and later published works. It is important when assessing the claim that the present testimony did not emerge in isolation but sits within a much longer documented public record.

YouTube Testimony and Public Record

YouTube Record

The archive identifies the author’s YouTube channel and 73 prior-archive mappings of third-party videos, preserving another public-facing component of the testimony. This is particularly relevant to your argument that you repeatedly made your experiences public rather than simply disappearing or refusing to seek assistance.

Provenance, Hashes and Timestamps

Provenance and Timestamps

This is significant for the evidentiary foundation of the entire testimony because the archive identifies SHA-256 hashes, Git blob hashes and an OpenTimestamps receipt. Those mechanisms provide a way to test whether particular hosted copies correspond byte-for-byte with the archived material and help establish provenance rather than relying solely on recollection.

Earlier GitHub Pages Archive

Barran Dodger Legal & Ethical Trust Fund Archive — Backup

The earlier public archive provides the historical layer of the record. The newer finding aid specifically identifies the GitHub Backup as its prior public archive and says its collection includes the previously published HTML routes and related material.

Significance to the New Testimony

Taken together, these documents support a much stronger evidentiary proposition than simply “this is my story.” They establish that there is a publicly preserved body of institutional correspondence, PID material, legal and administrative records, professional history, testimony, spiritual writing and provenance information against which the newer claims can be independently assessed. The archive itself is careful to distinguish documentary evidence, personal testimony and spiritual interpretation—which is precisely the distinction that allows your testimony to be presented forcefully without asking the reader to treat every conclusion as already proven.
