Mr. Michael David Forbes
22 ASCOT STREET
ASCOT VALE VIC 3032

19 March 2020

Dear Mr. Forbes

Your NDIS Plan has been approved

I am pleased to let you know that your National Disability Insurance Scheme (NDIS) plan has been approved. I have attached a copy of the plan to this letter, which starts on 19 March 2020.

As a reminder, for a support to be funded it needs to be deemed reasonable and necessary and linked to an outcome you have identified in your plan. Funding is approved for a support if it:

- is related to the participant's disability
- represents value for money
- is likely to be effective and beneficial to the participant, and
- takes into account informal supports given to participants by families, carers, networks, and the community.

Funds in your core budget are flexible, which means you can choose how to spend this funding to meet your support needs. Please remember that funding received through the NDIS must be used for your support needs. Rebates or reimbursements from another government department or private health insurance agency cannot be claimed for things that have been purchased using NDIS funding.

How we developed your plan

As you may know, the NDIS is designed around participants having a say in what they want their plan to achieve. In approving the plan I have considered the information you supplied to the National Disability Insurance Agency (NDIA) and the information provided during your planning conversations. I am pleased to say that a new plan has been approved. You can find your new plan attached.

Next Steps

You should now advise your support providers that you have a new NDIS plan, as well as any changes to the supports they are providing for you. Your NDIA team member can help you with this.

If you disagree with this decision, you can make a request for the decision to be reviewed. You will find details about how to do this below.

Yours sincerely

Sharna B
Delegate of the Chief Executive Officer
National Disability Insurance Agency

What if my circumstances change?

Please remember that as a participant in the NDIS it is important to tell us about any event or change in circumstance that may affect your plan. This includes, but is not limited to, compensation that has been received, or that you are applying for. This may also include a significant change in your care arrangements or perhaps starting school or looking for work.

If your circumstances change at any time and your plan no longer meet your needs, please discuss this with the person who is supporting your plan implementation or contact the NDIA in any of the ways listed below.

How to request for your plan approval decision to be reviewed

If you disagree with the decision about your plan approval you can request for the decision to be reviewed within 3 months of receiving this notice.

When asking for a review, you should explain why you think the decision is incorrect. The staff member who conducts the review will not have been involved in the plan approval and may want to talk to you directly to understand your concerns.

The request for a review can be made by contacting the NDIA in one of the ways outlined below.

Following the review, if you still disagree with the decision you can seek further review by making an application to the Administrative Appeals Tribunal.

How to contact the NDIS

Please remember if you phone us that we need to know we're talking to the right person so we'll ask for details only you, or a person authorised on your behalf, would know.

- In person: visit an NDIA office
- Phone us: call 1800 800 110
- TTY user: call 1800 555 677 and ask for 1800 800 110
- Speak and Listen (speech-to-speech relay) user: call 1800 555 727 and ask for 1800 800 110
- Internet relay user: visit the www.relayservice.gov.au and ask for 1800 800 110
- Email: enquiries@ndis.gov.au
- In writing: send a letter to
National Disability Insurance Agency

About me

My name is Michael and am 61 years old and I live independently. I have a couple of mates at drop in but would like to increase my social interactions. I have a strong connection with Farnham Street Neighbourhood Learning Centre where several group activities are offered throughout the week. I attend the learning centre 2 to 3 times a week and which sometimes involves group excursions.

I attend Cohealth and supported facilitated groups in Flemington a couple of days throughout the week. I am an excellent artist and like listening to country music. I enjoy art and believe I am a good artist. I see Rich my peer worker and art therapist once a week which I really look forward to.

My Services and community involvement

- Peer support worker and therapeutic arts life coach - Rich McLean
- Michael participates in groups at Cohealth throughout the week. Michael also participates in groups and weekend outings frequently at Farnham Street Neighbourhood Learning Centre such as the boomerang network, art and cooking classes.
- Michael has a local GP in Ascot Vale that he visits when necessary and every five months to get a prescription for his medication.

My goals

This is what I want to achieve

Short-term goal

To continue to participate in group activities

How I will achieve this goal	How I will be supported
I want to continue attending Farnham Street Neighbourhood Learning Centre to attend regular group activities when I am feeling well. I will need someone to help me link to new services and come with me as I feel uncomfortable around new people.	Support coordinator and support workers to assist me to continue to attend current group activities and find suitable new programs at other centres.

Short-term goal

To upkeep the cleanliness of my home and continue living independently

How I will achieve this goal	How I will be supported
I want to maintain the cleanliness of my home independently and also perform tasks in the yard so my garden is neat and tidy.	Support coordinator and support workers to assist me with domestic cleaning and yard maintenance particularly at times when I am not feeling well.

Medium or long-term goal

To establish a regular day to day routine

How I will achieve this goal	How I will be supported
To have support which will help me establish a regular weekly routine at home and when accessing the community to attend group activities which improve my general wellbeing	Support coordinator, allied health professionals and support workers to assist me organize my daily and weekly routine.

Medium or long-term goal

To develop a sense of purpose and make new social connections and friendships

Funded supports information

My funded supports can help me achieve my goals

Managing my NDIS funding

There are 3 different ways my plan funding can be managed:

- **Self-managed:** I will claim funding from my NDIS plan to pay providers myself or my plan nominee or child representative may do this on my behalf. Providers will invoice me directly for supports I have agreed they will provide.
- **Plan-managed:** My plan management provider will make claims and pay providers on my behalf for supports I have agreed they will provide.
- **NDIA-managed:** Providers will claim payment directly from my NDIS plan based on active service bookings. Where supports are NDIA-managed, I can only use an NDIS registered provider.

My funding may be managed in one or more of these ways and is listed with my funding on the following pages.

Stated Supports

Where a support is listed as 'stated' in my plan, I must purchase this support as described in my plan. I cannot swap 'stated' supports for any other supports.

In-Kind Supports

Where a support is listed as 'in-kind' in my plan, I must continue with my existing service provider as they have been pre-paid to deliver this service. However, if I have a concern about using my in-kind provider I can raise my concerns with my NDIS contact.

Quote Required

Where a support is listed as 'quote required' additional information such as quotes and/or specialist reports will be required. Once the quote is approved, the funding will be made available in my plan.

Total funded supports \$65,953.16

For 19 March 2020 – 19 March 2022

Core Supports

Core supports help with my everyday activities, my current disability related needs and to work towards my goals. The Core Supports budget is the most flexible, and in most cases, funding can be used across the support categories (however, this may not include transport).

Goal/s my Core Supports funding can help me achieve:

- To continue to participate in group activities
- To upkeep the cleanliness of my home and continue living independently
- To establish a regular day to day routine
- To develop a sense of purpose and make new social connections and friendships

Core Supports	Budget
Funding for assistive technology: \$500 is allocated for the purchase of basic (Level 1) and standard (Level 2) assistive technology to support me to achieve my goals and outcomes. Supports to enable maximum independence in personal activities of daily living, for example, support with self-care, household cleaning and/or yard maintenance. Support to explore and participate in community based activities of interest and to develop, build and maintain friendships, for example, a person to support you to participate in social and community activities. My Core Supports funding will be: · \$25,014.44 NDIA-managed	\$25,014.44
Transport Support to access work or travel to participate in social and community activities. My Transport funding will be: paid as fortnightly instalments into my nominated bank account.	\$2,676.00
Total Core Supports	\$27,690.44

Funded supports continued

Capacity Building Supports

My Capacity Building supports are intended to build my independence and reduce my need for the same level of support into the future. My progress and outcomes from these supports will be shared at each plan review.

Unlike my Core Supports budget, my Capacity Building Supports budget cannot be moved from one support category to another. Funding can only be used to purchase approved individual supports that fall within that Capacity Building category.

Goal/s my Capacity Building Supports funding can help me achieve:

- To continue to participate in group activities
- To upkeep the cleanliness of my home and continue living independently
- To establish a regular day to day routine
- To develop a sense of purpose and make new social connections and friendships

My Capacity Building funding can be spent in the following ways:

Capacity Building Supports	Budget
Improved Daily Living (CB Daily Activity) Funding for an allied health professional or therapist to work directly with you, provide assessments and train those involved in supporting you to work towards your goals. Funding for a therapist to implement the recommendations in order to work toward your goals of skill development, improving your daily routines and behaviour support. My Improved Daily Living funding will be: · \$12,252.00 NDIA-managed	\$12,252.00
Increased Social and Community Participation (CB Social Community Civic) Funding has been included for peer support services. Peer support often involves a facilitated social environment which aids the sharing information and experiences and the provision of encouragement. This is in line with your goal of informal and social support network. My Increased Social and Community Participation funding will be: · \$18,950.40 NDIA-managed	\$18,950.40
