- About my PhD Research

I wear a few different hats and am an artist, human rights-awarded autobiographer & writer, public speaker/recovery expert, and PhD in arts based research and narrative inquiry.

I provide services to clients on the NDIS, and it is my privilege to offer therapeutic support via my unique arts-life-coaching for marginalized people with mental health & other issues in Melbourne.

If you're looking for help for yourself or someone you know who is on the NDIS to get a 'leg up' with a good dose of light-hearted humor and lived experience with secular ethics that hold kindness in the greatest regard—you just found him!

Read here how I can help!

Just so you know:

We are all aware what's happening.

I'm at OTR pultney st

So when thugs are sent later after already intimidating me

In kniwi they have your blessing

You listened to police to exile me

You accepted the allegations

You support Morgan

You support iasonidis

You support the same government who exiled and targeted me for thirty years

You claim to care

When we all know that you support my targeting

You claim then ndis are there to help

You direct me to the arms of sukhi tear a known criminal assassin and criminal

When you yourself won't accept me in your safe home

And expect her to help

When you yourself won't

And deceive me by saying all

Unless to do is ask for help

When I've begged for help for years

You benefit from my erasure

And you will claim you cared

And claim the compensation when in gone

You refuse the assassination attempt by bill shorten

You accept the government's legitimacy

You refuse to accept any wrongdoing

You blame me for being on drugs and mentally ill

But they are two good reasons to help someone aren't they

But you refuse to see that

You refuse that the Cabernet has supplied the drugs

You accept I'm a child sex offender

When my sexuality was weaponised

Whilst you ignore that dad watched me be felt up and abused on fairstat the fun ship

And you protected him
And after I suicided
Which you won't acknowledge
You went to bob k Martin's funeral
To honour his life and denied any akcnwolwgemnt of my own death
That's how I know
That you are not just ineffective at my care
But active participants in my erasure
And my targeting
Anx you have been contacted by tony riddle
A senior fraud investigator at ndis
Who exposed massive corruption
He tells me you were really easy to get on board
As well as Morgan and shorten and iasonidis and the rest
So I say this to you
You know where I am
But I call you out
Send someone to harm me
Kick in my window
End my life
Continue the persecution
But you won't win
If I die
It will be you and the entire conspiracy who has killed me
And I'm not afraid to die
God knows me
And I've given my life to Christ
I've admitted my frailties and confusions
And exalted
You will all never be released though
For the targeted killing of a gay disabled unprotected whistleblower
