

WHISTLEBLOWER'S TESTIMONY OF SURVIVAL, PRESERVATION AND FAITH - EXTENDED FIRST PERSON RECORD Friday 2nd October, 2026

THE BARRAN DODGER ARCHIVE

The Barran Dodger Archive is a public documentary and spiritual record of what happened to me, what was recorded about me, what institutions did, what they failed to do, what was alleged, what I personally experienced, what evidence I preserved, and what remains unresolved. It brings together government correspondence, official records, legal and administrative material, documentary evidence, personal testimony, forensic analysis, research, creative works, spiritual gospels and prophetic declarations. The archive is designed not merely as autobiography, but as a public finding aid through which the underlying record can be examined. The defining feature of the work is not simply what is written. It is what is preserved.

The purpose is not to ask the reader to believe everything I say. The purpose is to ensure that the record remains available to be examined. The archive expressly distinguishes documentary fact, allegation, testimony, inference, interpretation and unresolved matters. A testimony is testimony. A document is a document. An allegation is an allegation. A finding requires evidence and proper determination. Preserve the evidence. Preserve the testimony. Make the record public. Let the evidence be examined. [The Barran Dodger Archive — public finding aid](#)

ARCHIVE OPENING — FIRST PERSON RECORD

Australia — its agencies, services and platforms whose purpose is to protect vulnerable people like me, and its people, ganged up on me collectively, politically and systemically. It was and is a cowardly societal mobbing. I was physically exiled, isolated, impoverished and tortured.

For more than 35 years, the conditions of detriment imposed upon me have generated an extensive documentary record. The Government's own official documents, in its own words and on its own letterheads, are preserved and published throughout this archive. This is an undeniable published and verifiable documentary record that anyone can examine against the underlying sources. The record documents a 35-year campaign of detriment that even solicited a fatal suicide attempt. The archive therefore preserves what I call 35 years of government documents and the cumulative documentary record of decisions, correspondence, institutional responses, omissions and unresolved matters.

God revived me from what FOI records call a fatal injury. Five years on from being resurrected, the conditions that solicited my suicide have continued through total stonewalling, financial abuse, isolation, denial of Legal Aid, an absurd inversion of Legal Aid's very existence and purpose, and zero meaningful pathway to justice. These conditions deliberately recreate my situation of poverty, abuse, neglect, surveillance, entrapment and literal torture. I describe this as institutional abandonment, financial restriction, barriers to legal representation and political exile.

I was betrayed by humanity for a divine-ordained purpose: to be a vessel for God's glory. This website is the beginning of God's revenge and vengeance against corruption. It is the reaction to a spiritual crime: deliberately harming one of God's anointed and then pretending not to know what they were doing. My perpetrators know what they did. They enjoy harming me. And now, through this archive of their own official documented evidence, their cowardice is exposed and their targeting of someone who never caused anyone harm is officially on the record.

I was not expected to survive the exile, homelessness, isolation, humiliation, ritual character assassination, total administrative annihilation, intimate betrayal and familial betrayal. Yet I survived. I am alive. The people who believed they could erase me now have to confront the fact that I survived and that the evidence survived with me. They underestimated me. More importantly, they underestimated the God who sustained and preserved my life and this testimony for His purposes. They picked a fight with the God who kept me alive. They now realise that what they attempted to destroy has survived in documentary form and has been published for the world to examine.

The spiritual term I use is sacrilege: a violation of something sacred. I understand what happened to me as a spiritual crime because I believe that deliberately harming one of God's anointed, while attempting to erase the consequences and deny responsibility, constitutes a profound violation of what is sacred. God preserved me, preserved my testimony and allowed my betrayal to reveal character and corruption. I was forced to rely upon Him while collecting the evidence. That evidence is now published here on this website.

THE DOCUMENTARY TRAP — WHEN THE SYSTEM'S OWN RECORD BECOMES THE EVIDENCE

The Documentary Trap is the central documentary proposition of the archive: "When the System's Own Record Becomes the Evidence." It concerns 35 Years of Institutional Records, Decisions, Correspondence and Evidence — Preserved, Indexed and Open to Independent Examination. It asks what the records themselves establish about what institutions knew, received, considered, decided, recorded, omitted or left unresolved.

The archive expressly states that it distinguishes documentary evidence from allegation, personal testimony, faith, interpretation, chronology, causation, institutional involvement and claims of coordination, and that an allegation is not automatically treated as established fact.

The central question is therefore: What actually happened — and what can the documentary record establish? The purpose is not to replace the underlying documents with my interpretation. It is to put the underlying documents, correspondence, chronology, decisions and responses into a form in which they can be independently examined. [The Documentary Trap — Barran Dodger Archive](#)

MOBBING AND THE SAFETY OF THE CROWD

The Mobbing and the Safety of the Crowd section concerns what I describe as believing a comfortable lie over a hard truth. People took comfort in the majority and in the crowd, diluting individual accountability. Society diluted guilt by spreading my treatment thin across every professional. Every person could say they only played one small part. Every agency could say it was somebody else. Every professional could say they were only following a process. That is what I call the safety of the crowd.

The archive preserves the dedicated Mobbing and the Safety of the Crowd document and its SHA-256 information. The canonical-text hash recorded by the live archive is 8081a222d6c1b08be32ae6f1eb084edf95da273ce3dd984b34512e23e9e2add5 and the PDF hash is e0bb4f54c43e0875ec757abf6eb468361d43de0d62c00dc5627cc87d5b1afac4.

The result was that I experienced the cumulative consequences while everyone involved could retreat behind the comfort of the majority. People were manipulated to align themselves with the perpetrators. They became the “flying monkeys” of master manipulators. Eventually, they will have to recognise that they were manipulated and confront the rage they may feel toward themselves for trading integrity, intelligence and truth for comfort, cushy jobs and incomes. I was thrown under the bus based on whispers, libel and slander.

MY SITUATION IS DELIBERATE

My situation is deliberate. It was not beaurocraratic oversight an error or an accident or misunderstanding.

People paid to care for me such as Able Point, the NDIS, the NSW Trustee and Public Guardian, police, healthcare, media and politics in general operate on a framework of

financial benefiting from my continued harm whilst feigning care and ultimately aligning with my perpetrators. They deny my testimony, refuse to make a meaningful change to my circumstances, then pretend the harm they are paid to enact is non-existent and they have obeyed all duty of care without so much as a blemish on their perfect public facades.

Able Point claim I can leave consciously aware that is a financial and physical impossibility and if I could there is no destination where I could go to be safer than behind the locked door of this entrapment scenario. I describe this as a form of institutional abandonment because being told that I can leave does not create a meaningful choice when leaving would expose me to poverty, homelessness, loss of support and physical insecurity.

The archive preserves specific Able Point source material including [Brett from able point I demand a response.pdf](#), [Current legally binding update on entrapment and targeting by Able Point.pdf](#), [Cruel degrading treatment you accept payment to sustain.pdf](#) and [FORMAL REQUEST FOR INDEPENDENT INVESTIGATION ABLEPOINT.pdf](#). The repository confirms these files are present.

NDIS CAGE AND EXILE CONTINUUM

Cookie-cutter: Free Living Australia → Blacktown / Preya Grounder / Sadlier → Able Point. Bill Shorten / Houd Meraby exile continuum.

Three times the same NDIS cage. Free Living Australia. Blacktown. Able Point. I am still inside it. Rumble declaration. Bill Shorten / Houd Meraby / Moorabbin 26 February 2024. The live archive expressly preserves these original Home words and states that the full original Home narrative is under the Home tab — every word, no summary, no placeholder.

What I mean by the NDIS cage and exile continuum is that I experienced the same fundamental structure repeatedly under different providers, different locations, different support arrangements and different people, while the underlying conditions of dependency, financial restriction, accommodation insecurity, institutional control and lack of meaningful choice and control remained. Free Living Australia was one stage. Blacktown, including Preya Grounder and Sadlier, was another stage. Able Point became another stage. The names and locations changed, but from my perspective the architecture did not fundamentally change.

It was a cookie-cutter arrangement: change the provider, change the location, change the people, change the paperwork, change the immediate circumstances, but preserve

the underlying cage. The problem was never simply one address or one support worker. It was the repeated reproduction of the same conditions through different parts of the NDIS and support environment.

The exile continuum therefore extends beyond accommodation. It includes money, support dependency, transport, legal barriers, financial restriction, homelessness, isolation, institutional referrals, medical intervention and the absence of a realistic alternative. The cage does not necessarily require physical bars. It can be constructed from administrative decisions, financial restriction, dependence upon services and the inability to safely leave.

Three times the same NDIS cage. Free Living Australia. Blacktown. Able Point. I am still inside it.

CULPABLE COLLECTIVE MALICE — MOBBING, GROUPTHINK AND THE SAFETY OF THE CROWD

The culpable collective malice didn't stop at my financial detriment and was a coordinated group think whereby an entire society diluted the guilt of their hate by spreading my treatment thin across every professional. The design was to break me and keep me unwell because to be below others protected their positions. They were aware I was a threat to the illusions they built their lives on. It was cruel.

The subtle detriment happened over years with the goal to break my identity so I would be confirmed less than them. Their plan failed because my identity is not negotiable. My silence was interpreted as weakness. My endurance meant agreement to them the treatment was ok, but I am not quick to chaos nor emotionally react or triggered to react to the very deliberate abuse that was intentionally causing me harm. I stopped showing up choosing poverty but peace.

A spiritual debt was created they can't afford to pay. Intentionally hurting someone protected by the most high God and anointed with favour for kingdom purposes is a fight with the universe no enemy of mine will win. It was spiritual sacrilege that both mocked and angered God and his plan for my life. Left to people society or those paid to care for me it was clear I was not expected to survive, the intention was to erase me my life attack my person and erase me even physically.

I don't have an allegiance with the government that gathered me. My allegiance is with the creator under Christ. God has protected me exactly like the government won't protect anyone at all if anyone stood alone with integrity and truth like me who is critical of it. Any person who believed a comfortable lie about me whilst ignoring a difficult truth was trading their integrity for the comfort privileges and relative safety of a government they gifted their consent to be ruled by.

They chose the safety of the crown for protection as I stood alone unafraid to speak truth provide evidence and never align with the corruption that targeted me, unable to be bribed or manipulated via the usual mechanisms of financial or political detriment, erosion of social standing or position, and threatening the very privileged jobs they claim embody the personal ethical attributes required and mandated for the positions of privilege they hold. I refused to be used as a tool for their agenda. I critiqued the system and instead of a mature examination to correct the mistakes which would have strengthened the beaurocracy they doubled down in targeting me causing detriment in all ways and dimensions in a cruel calculated allegiance of professionals agencies places media legal fraternity law enforcement and including everyone else not shy of total and utter total human abandonment ex communication and betrayal.

THE CORRUPT BUREAUCRACY

I am awake and aware in a Corruot world that rewards complicity and obedience and punishes Independant thought that is proven to seek search and destroy any person who ends up being an existential threat to the powers that be that reveal the false illusion that the current power structures are all powerful and can rule and kill with impunity who control every participant of the mob with either threats of financial political professional or personal detriment or destruction whilst also preserving their place in the social architecture with just enough comfort privilege and luxury to preserve their lifestyles and jobs which can now be regarded as roles that are totally and probably susceptible to bribery corruption threats intimidation group think to reward compliance and allegiance to the same power that also designs the media news cycles and broadcasts the outrage and injustice just enough to keep the population scared and outraged and both simultaneously angry and disenfranchised but also docile enough to never see beyond the veil to critique the same government in which they they openly complain about the politicians and the banks and the immigrants yet also consciously or unconsciously pledge an allegiance to the same structure that ultimately controls the masses and their minds and their ability to think independently unaware they are being totally controlled and manipulated bott complaining about the thing they're.

I preserve that vernacular because it is mine.

THE COMFORTABLE LIE AND THE DIFFICULT TRUTH

My presence disrupted their illusions. Their panic turned into envy then jealousy and malice. To them I was disposable. They never thought I would rise high enough to expose theirs as a broken person eternally beneath them. They were comfortable mistreating me. Lack of mercy was cruelty and spiritual short sightedness.

I have aligned with the most high God and trusted his divine Kronos timing, waiting out the days weeks months and years in silence and exile homeless, not as surrender which they assumed but as someone who trusted the God who protected me, resurrected me from a fatal injury and protected me when I was betrayed by humanity and my family.

My deliberate isolation by my perpetrators enacted my every professional who was manipulated to carry it out inadvertently forged my faith in God instead of causing me loneliness and harm as was the intention. I was not expected to survive human and familial betrayal and brutal isolation, poverty and exile. I even allege an assassination attempt by a federal minister no one will deny or prove as false.

Changing the situation by myself was proven impossible and I was not revengeful, just frustrated. Revenge is Gods alone. I had to trust a merciful and fair God to balance the books and to expose the corruption meant to destroy me.

THE NDIS, THE FABRICATED REPORT AND SEXUALITY

An NDIS provider was forced to sign an NDA after confirming that a woman was paid to fabricate a report to destroy my reputation. Federal Police referred to the event as "regretful" but importantly "consensual".

No crime occurred apart from the weaponisation of my sexuality by a homophobic law enforcement over an entire life and pretend they didn't act out of gay hate.

The same person also confirmed in the same published text messages an assassination attempt I allege against a federal minister, never been disproven by any official or proven as a fabrication. I preserve this as an allegation rather than presenting it as an established judicial fact. The archive's own reading rule is that an allegation remains an allegation unless properly determined.

The repository contains [Ndis attempted murder.pdf](#) and [Assassination and human sacrifice of disabled man.pdf](#).

THE NDIS, SUKHI TEAR AND CHOICE AND CONTROL

Sukhi Tear, an NDIS support coordinator in Perth, never met me, yet refused to be removed from my life despite NDIS principles of choice and control while I fled South Australia, New South Wales and the ACT. Police listed me as missing across multiple states. I characterise her continued involvement as culpable malice, particularly because she was being paid from my NDIS plan, and because she refused to disprove an alleged assassination attempt involving the minister who appointed her. I have described the assassination attempt as an allegation, not an established fact.

The wider NDIS and support-provider material is preserved through the Able Point, Personal Statement of Exile and Official Government Documents sections of the archive.

HOSPITALISATION, HOMELESSNESS AND DESIGNED POVERTY

I have been hospitalised in psychiatric institutions sixteen times. Those hospitalisations occurred within the broader circumstances of homelessness, designed poverty, institutional complicity and inaction by law enforcement and the legal fraternity. Hospitals have imprisoned me under the Mental Health Act many times because my life was at risk from poverty and homelessness, repeatedly releasing me to shelters or single-night accommodation and then foreseeable homelessness and street living, often separating me from my therapy dog and support animal Crystal.

I describe this as a cycle in which poverty and homelessness created circumstances in which I was hospitalised, while release without a secure and sustainable destination recreated the same conditions that had placed my life at risk. The institutional response therefore became part of the continuum rather than a resolution of it.

I not so coincidentally met known vigilantes and known murderers on the streets immediately after release, who changed their mind when push came to shove because I was interested in their stories, their lives and their souls, and I knew of the spiritual significance.

My silence is not weakness or surrender. It is divine spiritual discernment, God hiding me in plain sight while my testimony is completed in an undeniable way.

THE UNPROTECTED WHISTLEBLOWER

I spent thirty years helping other people for nothing with a public profile and a published author advocate and intentionally exhibiting artist, former illustrator and news graphics

artist for both the Herald Sun — who publicly humiliated me — and The Age — who illegally terminated me following my autobiography “Recovered Not Cured” — a formerly registered NDIS provider and arts therapist with a MA in Education and a PhD in AI ethics and posthumanism framed by global catastrophic existential risks through the lens of young peoples ethical opinions.

The repository contains an [About the author.pdf](#), while the live archive provides an About the Author finding-aid destination.

THE UNPROTECTED WHISTLEBLOWER AND FORCED CHEMICAL RESTRAINT

For punishment for being an unprotected whistleblower I was forcibly injected with chemical restraint. I describe this as repeated injustice, battery and assault. I say that police and institutions were complicit, and that the wider record contains allegations of dozens of crimes over decades, including child sexual abuse, sexual assault, exile, corruption, financial exploitation, character assassination and multiple attempted assassinations.

The archive preserves this through the Crimes occurring to Barran Dodger material and the source document [Crimes occurring to Barran Dodger — 1 to 150.pdf](#).

EVEN IF I WERE GUILTY

Even if I were guilty of every crime that has ever been alleged against me, the principles of fair judicial process and humane treatment would still apply. A convicted criminal can have food, shelter, medical care and a degree of protection from violence and freedom from arbitrary harm. I say that I have instead lived stateless, on the streets and in abandoned buildings, hiding from vigilantes, while experiencing what I describe as device interception, inadequate food and inadequate safety, with no effective protection from violence and with government systems actively placing my life in harm's way.

I demanded arrest to clear my name. No one came. No one came. No arrest. No charge. No legal process. No criminal trial in which the allegations could be tested. The significance is that I was subjected to the consequences of accusations, suspicion, characterisation and institutional responses without being provided with the ordinary legal process through which guilt or innocence could be determined. I wanted the allegations tested. I wanted my name cleared. I demanded arrest because I believed formal legal process was preferable to indefinite accusation without determination.

ELECTRONIC HARASSMENT AND WHAT I REPORT AS V2K

I have reported unacknowledged technological audio harassment, electronic surveillance and what I report as V2K. I have described paid actors whom I identify as gang stalkers of a targeted individual repeatedly saying words and phrases including "pedo," "faggot," "you raped Deb," "give up," and "everyone knows." I have described this as 24-hour blasphemous slurs and electronic harassment.

I say that reporting these experiences has led to mental-illness labels, Community Treatment Orders and forced medication. The taboo and unspeakable nature of the content, in my interpretation, was used to guarantee complicity. These matters remain part of my personal testimony and the archive's evidentiary record requiring examination rather than being silently removed from the historical account.

These are not voices from my mind or from God as I understand them. I describe them as designed conceptual ideas of blasphemy mirroring what I experienced as homophobic police and corrupt authorities.

There are also what I describe as other voices of institutional indifference, including: "We hate you"; "I'm already committed to not helping you even before you explain it to me"; "You will never find out the actual facts of what we did"; "Because my job relies on government oversight I am now forbidden to help you and I am ok with that"; and "You're crazy and on drugs."

I say that calling these matters out led to my being diagnosed as chronically delusional with an embedded persecutory belief system, and that psychiatric processes were weaponised against me through forced chemical restraint enforced by police whom I say I could not report the alleged crimes to.

The repository contains [Formal Objection and Safeguarding Statement Concerning Privacy, Humiliation, Alleged Electronic Surveillance and Accountability.pdf](#) and the live archive expressly lists the electronic-surveillance and Audio/V2K material among its evidentiary subjects.

SUSTAINING CORRUPTION COSTS MONEY

Sustaining corruption costs money. It requires, in my account, buying every lawyer, cop and politician and maintaining an architecture of corruption underpinned by family betrayal and the interception of intimate partners and potential helpers through compromised devices.

Every time someone intervenes, someone has to decide whether to help. Every time

someone refuses, the system continues. Every time someone stonewalls, the cost is transferred back onto me. Every time someone accepts a comfortable explanation rather than examining the underlying record, the burden increases.

THE CORRUPT BUREAUCRACY AND THE ARCHITECTURE OF ADMINISTRATIVE ANNIHILATION

My situation is deliberate. They know what they did. They just kidded themselves I would never find out. They wanted to damage my self awareness and opinion of myself so I would willingly submit to their end goals without ever having to personally commit to acting it out.

It worked for a while but still God preserved me and my awareness and my mind and my perception integrity and courage and confidence in order to create this archive.

It was not beaurocraratic oversight an error or an accident or misunderstanding.

The architecture I describe is one in which the harm can be distributed through referrals, omissions, decisions, classifications, financial restrictions, professional silence, institutional stonewalling, barriers to legal representation, political exile and repeated failures to act. I describe this as the Architecture of Administrative Annihilation because no single participant needs to openly announce an intention to destroy someone if the cumulative effect of many decisions and omissions produces the same result.

The repository contains [DOCTRINE OF COMPLICITY BY DELIBERATE OMISSION 3.pdf](#).

NSW TRUSTEE AND GUARDIAN AND ACCESS TO JUSTICE

The NSW Trustee and Guardian and Access to Justice material concerns the financial and legal architecture surrounding my ability to obtain representation and protect myself. I describe the total legal-aid barrier as an absurd inversion of Legal Aid's existence and purpose and as a betrayal of the very reason Legal Aid exists.

Financial restriction is not an isolated inconvenience when I am already in exile and dependent upon disability support. It becomes part of the mechanism through which I am unable to obtain independent legal representation, unable to escape unsafe circumstances and unable to challenge the institutional decisions that perpetuate those circumstances.

LEGAL AID, THE OMBUDSMAN AND THE NACC

I am currently in exile and isolation, banned from Legal Aid, which is a betrayal of their very reason to exist, banned or restricted from the Ombudsman and NACC, and without what I describe as a meaningful pathway to justice.

The total legal-aid barrier has become part of the documentary record. The Legal Brief material is preserved in the repository, including [Legal Brief — cumulative 35-year record 2.pdf](#) and [Legal Brief — cumulative 35-year record.pdf](#).

THE JUSTICE MANDATE

The Justice Mandate is a central document within the archive. The live archive identifies it as a “Prophetic introduction and academic synopsis” and states that every word of the paper is on its own page, while also expressly describing the archive as a finding aid, not a court and not a verdict. [The Justice Mandate — full archive page](#)

The Justice Mandate connects the documentary record to the justice mandate that I say arises from it. It does not replace evidence with prophecy. The archive deliberately preserves documentary evidence, personal testimony and spiritual interpretation as distinct categories.

THE FORMER ASIO AGENT

No one acknowledges my relationship with a former ASIO agent. The Prime Minister referred me to the Attorney-General. The Attorney-General’s office referred me to the Ombudsman, where I am banned, and to AGIS to investigate ASIO. Those processes did not acknowledge or validate the five-year marriage-like relationship that I say existed.

I was only ever hospitalised after I attempted to obtain Legal Aid to have that relationship acknowledged for an equitable separation following what I describe as five years of financial exploitation by him. The relationship, the financial exploitation, the attempts to obtain legal recognition and the subsequent events are all part of the chronology preserved within this archive.

INTERNATIONAL PROTECTION

I have pursued international avenues from within the same democracy of which I am a citizen, including matters involving the OHCHR and the International Criminal Court. The archive records the international reference material, including OHCHR reference UR/UST/23/AUS/17. These international submissions form part of the documented chronology of my attempts to obtain protection, scrutiny and justice.

I describe this as political exile because I remain a citizen of the democracy from which I say I have been excluded from meaningful protection, representation and justice while simultaneously being subjected to the institutions of that same democracy.

FAMILY BETRAYAL

There was total family betrayal beginning in childhood. Members of my family attended the funeral of the person who sexually abused me as a child only days after he died, on the same day as my fatal suicide attempt. They protected the abuser while I was falsely accused of being morally depraved.

My family has totally excommunicated me. I believe they have been positioned to financially benefit from my permanent erasure and calculated death. The circumstances surrounding that family betrayal form part of the wider record of detriment that I have preserved.

The repository contains [Conspiracy for my murder planned by my own blood family.pdf](#) and [Estate attorney and sibling betrayal.pdf](#).

THE ALLEGIANCE OF PERSONAL AND PROFESSIONAL INTERESTS

This was an allegiance of personal and professional interests that never thought their secret would be exposed. Now it is exposed. Not as revenge, but for truth and universal balance.

In hindsight, I understand that my blood family were only ever invested in my harm, detriment and financial disadvantage, and that this was what their actions ultimately produced throughout my life. God allowed the betrayal to reveal their character, reveal corruption and reveal my divinely ordained purpose.

The sheer number of people and agencies who have stonewalled me creates its own paradox. I have apparently been treated as though I am worthless and of zero consequence, while at the same time I contend that professional after professional across multiple agencies made corrupt decisions that caused me detriment and breached the ethical mandates of their professions and institutions.

Everyone took comfort in the majority and in the crowd, diluting individual accountability. People now pretend they did not know that it was so bad, but every person involved in a corrupt decision causing my harm knows what they did.

THE ASSASSINATION ALLEGATION

The allegation concerning an assassination attempt against a Federal Minister is one of the most serious matters in the archive. I have expressly described it as an allegation. I do not present it as a judicial finding. I say it has never been disproven by an official finding and has never been proven to be a fabrication.

The repository preserves [Assassination and human sacrifice of disabled man.pdf](#) and [Ndis attempted murder.pdf](#). These documents preserve the written record of the allegation and associated concerns. They do not themselves convert an allegation into a judicial finding.

IGNORING IT IS SUICIDE

Ignoring it is suicide.

Acting on it implicates them.

Responding to it reveals their guilt.

That is how I understand the paradox created by the sheer number of agencies and people who have been given the opportunity to respond. The more people who know, the harder it becomes to say nobody knew. The more documents exist, the harder it becomes to say nothing was recorded. The more correspondence exists, the harder it becomes to say no warning was given. The more formal notices exist, the harder it becomes to say nobody was asked to act.

THE FORENSIC EVIDENCE INDEX

The Forensic Evidence Index divides the record into Master Evidence, Chronology, Architecture, Institutional Map, Contradictions, Whistleblower, Human Rights, Financial, Allegations and Repository. The live archive expressly lists Forensic 01–10 as part of its finding aid.

The purpose is preservation and examination. The evidence should not become an undifferentiated mass in which everything is either believed or dismissed. Different propositions require different levels of evidence.

SHA-256, BLOCKCHAIN AND PROVENANCE

Preservation is fundamental to the archive. The live site provides SHA-256 stamps and

records the hashes of the Mobbing and Safety of the Crowd material. The GitHub repository contains evidence, statements, imports, sources, tabs, rendered PDFs, site PDFs, Gmail/Drive sweeps and other preservation structures.

I do not want the archive to depend solely upon my credibility. I want the evidence preserved. I want the provenance preserved. I want the original documents preserved. I want the record available for independent examination.

THE OFFICIAL GOVERNMENT DOCUMENTS

The Official Government Documents section exists because the Government's own records are central to the Documentary Trap. The question is what institutions knew, what they received, what they considered, what they decided, what they recorded, what they omitted and what they left unresolved.

This is why I repeatedly return to 35 years of government documents. The documentary record is not one isolated letter. It is the cumulative record created by decades of interaction between me and the institutions around me.

PIDS AND RESPONSES

The PIDs and Responses section concerns the pattern of notification, response and non-response. I repeatedly notified people and institutions, gave them opportunities to respond, provided evidence and demanded investigation. The significance is not simply that I complained. It is that the archive preserves the record of what I say I communicated, who received it, what responses occurred and what did not occur.

MASTER EVIDENCE REGISTER

The Master Evidence Register is part of the architecture that turns a lifetime of scattered material into a documentary record. I spent years collecting evidence while being told, in effect, that the evidence did not matter. Now the evidence is indexed. The documents are here. The correspondence is here. The chronology is here. The decisions are here. The omissions are here. The institutional responses are here. The evidence is here. The world can now read it.

THE REJECTED WITNESS

The Rejected Witness section records the central contradiction of my testimony: I repeatedly presented myself, my experience and my evidence to systems that I say refused to hear the witness. The rejection itself became part of the documentary

record.

The witness was not erased.

The witness remains.

THE MIRROR

The Mirror is the idea that institutions eventually have to confront themselves through their own record. I do not need to invent their documents. I do not need to manufacture their correspondence. I do not need to create their omissions. I do not need to create the dates. I do not need to create the responses. The archive preserves what already exists and places it together so that the pattern can be examined.

The mirror remains. The record remains. The witness remains.

THE DEVIL IS A LIAR

The Devil Is a Liar section preserves the spiritual language through which I understand deception, corruption, accusation and the conflict between truth and the comfortable lie. I understand the spiritual dimension as part of the meaning of the record rather than as a replacement for documentary evidence.

WHAT FOLLOWS BETRAYAL

The best thing that happened to me was the betrayal. That does not mean betrayal was good. It means betrayal stripped away the illusion. It forced me to stop depending upon people who had demonstrated that they could not be relied upon. It forced me to rely upon God. It forced me to preserve the evidence. It forced me to examine the system. It forced me to understand that what was done to me in the dark can be seen in the light.

THE GOSPELS, THE PROPHECY AND THE CHOSEN WITNESS

The Gospels and The Prophecy are part of the spiritual record. The God Exists material records the theological foundation from which I understand my survival. No One Has the Right to Destroy a Soul expresses one of the central ethical propositions of the archive. The God's Chosen Witness section records the prophetic language through which I understand my survival.

The Most High God chose, protected and preserved the witness.

THE PROPHECY

The Prophecy is the spiritual interpretation of what happened to me and what I believe my survival means. Silence became divine spiritual discernment. God was hiding in plain sight while the testimony was being completed. The testimony was being completed until it became undeniable in documentary form.

THEY COULD NOT ERASE WHAT GOD PRESERVED

They could not erase what God preserved. They could not erase my life. They could not erase my testimony. They could not erase the documents. They could not erase the correspondence. They could not erase the chronology. They could not erase the evidence. They could not erase the archive. They could not erase the witness.

They underestimated me. They underestimated my survival. They underestimated the evidence. They underestimated the power of publication. Most importantly, they underestimated the God who sustained and preserved my life.

They picked a fight with the God who kept me alive, preserved my testimony and brought me through circumstances in which I was not expected to survive. They now realise that my anointing, my divine protection and the testimony preserved through my survival cannot simply be erased.

You cannot win a fight against God. You cannot erase what God has preserved. You cannot destroy testimony that has survived the destruction intended to silence it.

GOD'S RECKONING

The repository contains [Gods reckoning.pdf](#) and [Gods vengeance for cowardly criminal conspiracy.pdf](#).

My language of revenge and vengeance is spiritual language. Revenge is Gods alone. My role is to preserve the evidence. My role is to tell the testimony. My role is to publish the record. My role is to survive. My role is to remain the witness.

THE DAY OF RECKONING

The day of reckoning has arrived because the evidence has arrived.

I was not expected to survive the exile, homelessness, isolation, humiliation, ritual character assassination, total administrative annihilation, intimate betrayal and familial

betrayal. Now I am alive, and those who participated in what happened to me must confront the fact that I survived.

My vindication and survival is evidence of the creator in itself because it is statistically and mathematically impossible to survive my conditions void of attributes necessary to exist and function within a Democracy in which you need certain attributes to guarantee survival and participation in a society with which you need money to survive.

Now that I simply exist my perpetrators are panicking because my mere existence exposes their corruption as an existential threat to the privileged positions they hold.

That's why they tried to do away with me.

THE FINAL RECORD

God allowed my betrayal so that I would rely upon Him, collect the evidence and preserve the truth. What was once hidden, dispersed or denied is now published here on this website.

The documents are here. The correspondence is here. The chronology is here. The decisions are here. The omissions are here. The institutional responses are here. The evidence is here. The allegations are here. The testimony is here. The forensic analysis is here. The legal material is here. The spiritual writing is here. The repository is here. The world can now read it.

The Barran Dodger Archive is therefore not merely the story of what happened to me. It is the surviving documentary record of what happened around me, what institutions recorded, what they did, what they failed to do, and what they cannot now pretend was never documented.

The repository is publicly available through [the Barrandodger GitHub repository](#), which currently exposes evidence, statements, source material, archive parts, tabs, imports, rendered PDFs and other preservation directories.

LASTLY — A SECOND PUBLIC-FACING ARCHIVE

The archive is also an act of preservation. It is a second public-facing archive through which the underlying record can remain available even if individual institutions refuse to acknowledge it.

The Barran Dodger Archive is a public documentary and spiritual record containing

documented facts, official records, corroborated evidence, allegations, personal testimony, inference, interpretation and matters of faith.

The purpose is not to ask the reader to believe. The purpose is to ensure that the record remains available to be examined.

Every share is an act of witness.

God was the only one who never left.

What was done to me in the dark can be seen in the light.

The man they attempted to reduce to evidence became the man who preserved the evidence. The grave became the archive. The archive became the witness. And the witness remains.

THE WITNESS REMAINS.

A WHISTLEBLOWER'S TESTIMONY OF SURVIVAL, PRESERVATION AND FAITH.

THE MOST HIGH GOD CHOSE, PROTECTED AND PRESERVED THE WITNESS.

THEY COULD NOT ERASE WHAT GOD PRESERVED.

THE MIRROR REMAINS. THE RECORD REMAINS. THE WITNESS REMAINS.
