Dear Mr Mclean,

Your application to conduct research in Victorian government schools has undergone in initial review.

The information letter addressed to the school principal refers to the Department as "DEECD". As of 1st January 2015, the Department has been named the Department of Education and Training (DET), please amend the letter to reflect this.

It should also be noted that under the Child Safe Standards individual schools have their own protocol about school visitors, including researchers, and requirements regarding how they interact with students. This may mean that research can only take place under the direct supervision of a teacher or other school staff member with legal duty of care, or that the school will require visiting researchers to have valid Working With Children Checks. These requirements will be determined by the school and must be followed.

Kind regards,
Joseph Besford

Research Officer
Strategic Research | Performance and Evaluation Division
