Subject: Deed

Dear Mr McLean

Thank you for your email to the Commission requesting a copy of the Deed.

I apologise for the delay in replying.

The Commission must keep a closed complaint file for 7 years. These files are stored off site and then after 7 years are destroyed. Even though your complaint was approximately 14 years old we did seek confirmation that the file had been destroyed and this is what contributed to a delay in responding to you. We have an electronic copy of all complaint files including documents that are lodged currently, but this was not the case when your complaint was lodged at the Commission. Therefore we do not have an electronic copy of the Deed that we can provide to you.

I note that in your email you are unsure whether Fairfax are being honest with you in relation to whether they have a copy of the Deed. You might like to ask Fairfax how long they keep their files for as this may give you an indication as to whether they might still have a copy.

In relation to all your other questions, we cannot provide legal advice, but can advise you that you cannot lodge the same complaint again. You may like to seek free legal advice from the Disability Discrimination Legal Service on 9654 8644.

I know that this will be very disappointing for you and I am sorry that we do not have a copy that we can provide to you.

Yours sincerely

.....
..

Kate White
