Subject: \*Confidential: Complaint to the NHPOPC about AHPRA - Acknowledgement (OCF/19/633)

Dear Mr McLean

RE: Complaint to the NHPOPC about AHPRA - Acknowledgement  
Our ref: OCF/19/633

I am writing to acknowledge receipt of your two emails dated 9 December 2019.

I am responding on behalf of Aleksandra who is not in the office today. I have forwarded your emails to Aleksandra for her reference when she returns.

Extension of time

I confirm you may have an extension of time of two weeks to provide information about your complaint.

Please provide this information by 23 December 2019.

Please note that if we do not receive this information from you by this date, we will administratively close your complaint file. However, should you wish to return to us in the future to make a complaint you are very welcome to do so.

Questions in your email dated 3 December 2019

In response to your questions, I advise the role of the NHPOPC is to ensure that the administrative processes of Ahpra and the National Boards are fair and reasonable. Our office looks carefully at whether Ahpra and the Boards followed proper processes and acted in accordance with any relevant legislation, policies and procedures, in the handling of individual matters.

As previously advised, we cannot change a decision made by Ahpra or the Boards, nor are we able to comment on whether a Board's decision was right or wrong. We can however provide you with more information about the way a notification was managed to help you understand how and why a Board may make a particular decision.

We can also make formal comments or suggestions to Ahpra if we identify concerns with the administrative handling of a matter, with a view to improving the experience of future notifiers in their interactions with Ahpra. This is a forward-looking exercise aimed at systemic improvement of Ahpra and the Boards' service delivery and complaint-handling processes.

We do use alternative dispute resolution techniques to try to resolve complaints. In some instances we can suggest that Ahpra provide an apology to a person, however, this really depends on the circumstances of the case.
