Dear Mr McLean

RE: Complaint to the NHPOPC about AHPRA - Response  
Our ref: OCF/19/633

I am writing to acknowledge receipt of your two emails dated 3 and 18 December 2019. However I understand Alice McDonald of our office has already provided you with a response to your queries dated 3 December 2019.

Questions in your email dated 18 December 2019

In response to your questions below, as previously advised to you, our complaints process aims to improve the Australian Health Practitioner Regulation Agency (Ahpra) and the National Boards' service delivery and complaint-handling processes. I confirm, we do use alternative dispute resolution techniques to try to resolve complaints with Ahpra. In some instances we can suggest that Ahpra provide an apology to a person, however, we are unable to compel a practitioner to do so. For more information about our office, you can visit our website at <https://nhpopc.gov.au/>.

If you choose to proceed with a complaint to our office, we can provide you with more information about the way a notification was managed to help you understand how and why a National Board may make a particular decision. We can also make formal comments or suggestions to Ahpra if we identify concerns with the administrative handling of a matter.

Next steps

As previously requested, please clarify your concerns about Ahpra and the Medical Board of Australia's handling of your notification by 23 December 2019. If you have any concerns or questions in the meantime, please contact our office via return email or on 1300 795 265.

Kind regards

You did not acknowledge my questions.

please do so.

Dear Aleksandra,

IF I go ahead and table a years worth of dates events and issues with this complaint,  
it states that the decision cannot be overturned.

So what reason am I doing this work for?

is it to improve your complaints process?

There is a question on the form; what do i wish to happen to have my complaint resolved.

is there any chance of a conciliation or an apology?

I want to know if I am wasting my time.

Additionally, i have already emailed you a bunch of information to do with this case.

You did not acknowledge receipt of it.

So please answer; what is the possible outcome before I invest my time?
