Dear IBAC, (CC Greg Hunt),

I refer to the evidence below in which Dr Whitaker of Millenium medical practice acted with medical malpractice and professional negligence.

I urge you to acknowledge this email.

IBAC responded to my complaint but no action was taken.

I wish to ask for IN WRITING an explanation of why you don't think my case of Dr Whitaker being professionally negligent and medical malpractice was not valid.

Later AHPRA told me that the audio was not used, and that my transcription - which was accurate - had been (their words), 'marked up' by Dr Whitaker himself before going to the Australian medical Review Board.

The evidence is now published and in the public domain - including the recording.

Your response to my complaint is attached.

Rich Mclean
