Act Brian

Act now please

Or I'll have your cowardly and gutless rejection of me hiring you in writing please

But I beg of you to cross the floor

You are absolutely and utterly across this

And you know it's a systemic conspiracy to pervert the course of justice

What has happened so far, even as you claim to "do work for less" and "give back"

Is that you saw me getting 50 grand

And you saw easy money

That's it

I too am a twice fucked over victim of VOCAT

But I don't see you working for less

So-who's been in your ear mate?

Do you know something I don't?

Here is an opportunity to put your profession where your mouth is

See below

Rosalyn

I am the unwitting centre of an elaborate conspiracy to maim me financially and in all ways

You know this

I urge you again to act

This is because I am homeless

I have also fought another systemic conspiracy for so long that I was rejected my income assist after becoming ill at work

I lost my job and could not work

I was so dishevelled that my family incarcerated me

There, I was misdiagnosed as "delusional" and treated with contempt

I suicided four days in-the hospital notes say the attempt was "fatal" as I had profound blood loss and was found with no observable pulse and unresponsive

They released me into the community squatting with no money no job and no food or car

That was in March

The government put me on job seeker

Things have not changed-I am a vagrant

You say you do not have jurisdiction to look into work over

However HCF are working in systemic conspiracy with AFCA and Comcare

This is because

I have over a million dollars worth of claims at AFCA and the determinations are all overdue but I am being blackmailed in that if I do so much as contact them, they will drop all my cases

My income assist with HCF is still not acknowledged

This has seen me go bankrupt and literally die from the struggle of which YOU are towing the movements malicious and conscious agenda

Comcare are my insurer for NDIA where I worked for two years after my PhD

It is a massive conflict of interest that work safe refuse to advocate for me with Comcare

Funnily enough the person at the helm of my rejection is Paul Fowler.

Not surprisingly he was the former head of work safe

This level of systemic corruption has one goal: and that is that I am such a high risk of killing myself by my own hand that they will do anything to kick the can down the road to elongate my suffering

If you intervened because it is the just thing to do to save my
vagrancy and risk of death it would be welcomed

I get about \$400 per week since FEB

My rent alone is \$380 a week

I have been diagnosed with the following although it depends who
you ask

Schizophrenia

Binpolar

ADHD

Anxiety disorder

Personality disorder

Adjustment disorder

Schizo affective disorder

Amongst others

What is clear is that

There is a systemic conspiracy to maim me in all ways financially and
it has worked

I can't go to the police (I have tried) and I cannot get traction with an
ombudsman

The hospital released me for care to salt water clinic after my suicide
at Weribee mercy hospital

I saw them twice in SEVEN MONTHS

The first was AFTER THREE MONTHS

The second was nearly seven months later after my suicide in hospital-for the sole purpose of exonerating me from the care of them

This is more than a bad public mental health system

It is a malicious systemic cover up that has the end goal of my early death before justice

You have not taken into account how at risk I am-and my destitution and I am hungry

I think it is necessary for you to review the Comcare decision

This is simply because of my personal circumstances

Plus you have told me you don't "usually" intervene when there is another Avenue such as AAT

That will be an elongated period of time, and I will be without a home

I don't have a psychologist nor a psychiatrist

Thanks very much but I don't need the number for someone where my hook was book of the year or beyond blue who well know about this and are also complicit

My very survival and possibly staying alive is dependant on YOU investigating Comcare and my rejected work cover issue

The fact you "don't usually" investigate is simply not good enough

framed by the profound risk I am under

If you do not act: and I know you can this is clear:

The conspiracy to maim me is now above you at the ombudsman

You are a heartless coward

You have no care for me and Aud and abet my death by not simple neglect

But a systemic government led conspiracy to maim me with conscious and malicious desire to see me rendered a vagrant and aid and abet my destitution and likely death if I do become unhinged because of your victimisation and vilification identification and blacklisting/ scapegoating of me

You need to act

You need to take the holistic situation into account-and you must act

The fact that Paul Fowler used to head work safe who will not grant my claim is corruption enough you should act

Furthermore the fact that AFCA are working in systemic conspiracy with HCF and ComCare

Is a sin that you will have to shoulder when eventually I do receive my justice

...and I will save this email and hold the ombudsman clinically and civilly responsible for conspiracy to pervert the course of justice

I ask you to reconsider not with the neo liberal agenda of protecting

money power and privilege in opposition to one "mentally ill" twice suicide survivor who has to fight all this systemic corruption at once

But my action ing your role to stand up for what is right and just

I will expect your email by the end of today

If you do not intervene, you aid and abet corruption on all levels and guilty of conspiracy to aid and abet my death via not simple neglect but by a conscious malicious and pointed human rights abuse of victimisation of one person

It is simply unholy if you do not Excercise your power in this issue

Dear Dr McLean

I am contacting you about the email you recently sent our Office. As noted previously, we do not have jurisdiction to consider complaints about Worksafe in Victoria.

I acknowledge that you continue to have concerns about Comcare's decision to decline your workers compensation claim. As noted previously, if you disagree with this decision and Comcare's reconsideration of this decision you should approach the Administrative Appeals Tribunal (AAT). Further information about this process can be found here: [Administrative Appeals Tribunal | Administrative Appeals Tribunal \(aat.gov.au\)](https://www.aat.gov.au/)

Yours sincerely

Roslyn
