04.10.2022 Dear State Trustees,

I am asking for help.

I have never had access to the law.

Intervene out be named as part of the conspiracy.

I am owed millions of dollars, but there is a movement to keep it from me.

Indeed, kill me. No one cares for me.

You couldn't make it up.

A former human rights awarded author artist and advocate who has spoken local state national and internationally and appeared across Australian media and radio / TV...

<https://www.youtube.com/watch?v=OsyYf6HjXJY>

Suffers from schizophrenia and yes he's paranoid... for a bloody good reason.

He ends up engaged to be married to a former ASIO employee who abuses him financially and intends malicious harm via financial control and further hauls in heavies to incarcerate him - which combined with other abuse forces his suicide...

...and it was deemed 'fatal' but then the ASIO employee decides to punish him again incarcerating him and he is violently beaten inside a public hospital by a thug.

This financial abuse which is a form of family violence and further blunt brutal violence that occurred within a public institution of Wereibbe Mercy Hospital is backed by supported by the Australian Government. The simple FOI would have revealed that the protagonist had been in a live in relationship for Justin five years. The man was exploited. Emboldening abuse is abhorrent.

The office of Prime Minister & Cabinet support this violence and embolden the financial control by rejecting his FOI after at first stating it was 'voluminous' and 'complex.'

I had over 1100 matches.

Wonder why?

Mr Rich McLean

Extension of time under s 15AC

Dear Mr McLean

On 14 April 2022, the Department of the Prime Minister and Cabinet (Department) advised this office that it had not made a decision on your FOI request of 7 April 2022 within the statutory period provided by the *Freedom of Information Act 1982* (Cth) (the FOI Act). Consequently, the FOI Act deems that the Department has refused your request.

However, s 15AC of the FOI Act allows the Information Commissioner to extend the processing time for an FOI request where the initial decision period has ended and the agency or Minister has not provided the applicant with notice of a decision. The Department has applied for further time to finalise your request.

The Office of the Australian Information Commissioner has previously granted the Department an extension of time under s 15AB(2) of the FOI Act (OAIC reference: RQ22/00794). This extended the decision period to 8 April 2022.

Decision

As a delegate of the Information Commissioner, I am authorised to make decisions on applications for extensions of time under s 15AC(5) of the FOI Act.

I have decided to grant the Department further time to **14 April 2022** to process your request. My reasons and considerations follow:

- The Department has advised that:
 - On 24 February 2022, search results were received and 1178 results were

returned. The Department attempted to conduct more targeted searches however, this was unsuccessful. Officers completed the review of the results on 12 April 2022, and no documents were identified as relevant to the request.

- Additional time is required as the Department was required to carefully consider documents found in searches.

OAIC

- At the time of this request for extension, the Department advised that a decision was ready to be finalised by 14 April 2022.

This extension of time under s 15AC of the FOI Act means that the deemed refusal is taken never to have applied because the agency has now finalised your request and notified you of its decision. Such an extension can only be granted once and cannot be extended by a variation.

I note that the *Freedom of Information (Charges) Regulations 2019* provides if an applicant is not notified of a decision on a request within the statutory time limit (including any extension of time), the agency or minister cannot impose a charge for providing access, even if the applicant was earlier notified that a charge was payable (regs 7(2), (3)). This extension under s 15AC of the FOI Act does not mean that charges can be reimposed and any deposit you have paid should be refunded.

Further information

Further information about how applications to extend the timeframe to process an FOI request are handled by the OAIC can be found published on our website:

For FOI applicants: How to make an FOI request: Extensions of time

For agencies and ministers: Guidance and advice: Extension of time for processing

requests

The OAIC has the power to investigate complaints about an agency's actions under the Freedom of Information Act 1982 (FOI Act). This is a separate process from asking for an Information Commissioner review following a decision made under the FOI Act. Complaints usually focus on how an agency has handled your FOI request or complied with other obligations under the FOI Act, rather than the decision itself.

In some cases, the Information Commissioner's investigation of a complaint may lead to the agency addressing the issues that you have complained about. In other cases, the Information Commissioner may make suggestions or recommendations that the agency should implement. The Information Commissioner can only make non-binding recommendations as a result of a complaint. You and the agency will be notified of the outcome of the investigation.

FOI complaints to the OAIC must be made in writing. Our preference is for you to use the **online FOI complaint form** if at all possible.

Dead from systemic abuse from the Government - the same type that is still going.

Basically I was murdered by Government oppression and financial abuse.

These things are true of the man:

He was a banned whistleblower at ASIC APRA APRA and The Commonwealth Ombudsman. Mr Ball informs Government policy and advises the ombudsman.

Here is Mr ball - framing me internally to Government agencies:

He could never go to police.

He never in his life had a lawyer or legal representative... that is against the charter human rights for a person with a disability - and that underpins ALL laws.

He is homeless now and is owed work cover.

The Government say he is not an employee for workers compensation purposes.

But here is his Government login at the DSS:

Gee I wonder where Bill Shorten is?

I am a public official like you:

As a PSA I have a code of conduct under the PSA

The NDIA has a code of conduct over my status as a PSA Here:

A casual employee is someone who is engaged on an irregular or intermittent basis under section 22(2)(c) of the PS Act

The PS act is the Public Service Act, 1999.

So what does it say about my eligibility to be deemed an employee on the NDIS official website?

What is a 'worker' or 'employee' under the NDIS quality and safeguards Commission, the NDIA/S?

The NDIS Quality and Safeguards Commission is an independent government body that will work to improve the quality and safety of NDIS supports and services, and strengthen the skills and knowledge of workers, providers and participants across Australia. The NDIS Commission is now operating in all states and territories.

Who is a worker?

<https://www.ndis.gov.au/about-us/policies/aps-code-conduct-procedures>

Under the NDIS Commission, a worker is anyone who is employed or otherwise

engaged to provide NDIS supports and services to people with disability.
Workers

Under the NDIS Commission, a worker is anyone who is employed or otherwise engaged to provide NDIS supports and services to people with disability. Workers can be paid or unpaid, and can be people who are self-employed, employees, contractors, consultants, and volunteers.

According to the perms and definitions of the NDIA/S I am an employee and worker can be paid or unpaid, and can be people who are self-employed, employees,

contractors, consultants, and volunteers.

He is the NDIS Minister...and of course a public official with obligations... who could easily validate that Dr Mclean is an employee for the purposes of work cover.

As public officials you have obligations, of not acting outside of the convention of human rights of people with a disability, and also the more general Human rights. It is illegal for a public official such as yourself you act via omission (that is needed for my prosecution to prove a conspiracy to pervert the course of justice), to ignore this chapter of human rights.

All my prosecution in the high court needs to prove is that three or more people acted to pervert the course of justice or acted via commission to pervert the course of justice.

Og by the way...

The person is not a rapist or a pedophile or an extortionist.

He was slandered though by homophobic cops.

Funny how person bravely shares a story and then exploited for it as soon as he's owed heaps of money

I did commit fraud though... here we go!

The screenshot shows a web interface for 'Plan Partners' with a green header. Below the header is a navigation bar with links: Home, My plan, Payments, Benefits, My profile, My enquiries, and Have a question?. A 'log out' button is on the right. The main content area is titled 'SCOBLE, MATHEW JEFFREY' and includes a 'Back to your invoices and payments' link. It shows the invoice details: 'ADDRESSED TO: SCOBLE, MATHEW JEFFREY, scoblemt5@gmail.com', 'REFERENCE: 1', and 'INVOICE DATE: 29 May, 2022'. There are buttons for 'REQUEST ORIGINAL INVOICE' and 'VIEW AS PDF'. A table lists the services provided, including 'Assistance in Supported independent Living - Standard - Weekday Daytime' and 'House And/or Yard Maintenance', with columns for Date(s) of service, NDIS Service, Price/rate, Qty/hours, and Total. The total amount is \$5,671.24. At the bottom right, there are two 'Let's chat now!' buttons.

Date(s) of service	NDIS Service	Price/rate	Qty/hours	Total
04/03/2022-29/05/2022	Assistance in Supported independent Living - Standard - Weekday Daytime	\$57.30	80	\$4,584.00
02/05/2022-29/05/2022	House And/or Yard Maintenance	\$49.42	22	\$1,087.24
				Total \$5,671.24

This is my drug dealer and I did the fraud because I was forced to - because I had suffered enormous financial loss as a result of being framed.

I lost out on justice and detriments, compensation and my job and my rights and my reputation and my humanity... and other prosperity that was denied to me... I Lost:

- My Job
- My work cover
- My online business
- My VOCAT case (Police pinned it on me)
- Other VOCAT case (Geelong magistrate said I was 'doomed to fail).
- My HCF income assist (Sheena Jack CEO was caught out fraudulently overseeing documents)
- My former partners settlement
- My TPD claim of more units of cover
- I was banned from AFCA where I lost 1-2 million
- I was rejected at AHRC where I lost over 1.5 million
- Lost at ComCare - Paul Fowler rejected me - he was the old boss at work safe.
- Work Safe have banned me too.
- Now onto the AAT... where the Government who deny my prosperity now have a legal person in Kate Watson - who abuses legal privilege in order to utterly destroy me.
- I was framed as an extortionist internally by a powerful lawyer Mr Russell ball of Ball and Partners...to HCC MHCC AHPRA (where Mr ball does talks) then NHPOPCasnd The Police and IBAC and The Victorian inspectorate and now the Ombudsman.

Funny that - Mr Ball informs Government policy. ...and the ombudsman.

My drug dealer and I hatched a plan:

That I needed cash so I got my drug dealer to claim \$7000 and I would give him some.

He of course got the money and ran...I think he's in jail now.

So - arrest me.

I did crime.

Come and get me.

You see I've been made to beg for food.

Thats how bad the abuse is...howl have been robbed.

I can't to police.
I am a rejected whistleblower
I don't have lawyer.

This violence and maiming blaming shaming vilification and victimisation is systemic and it is brutal.

It aims to harm me.

A vulnerable person.

And I am innocent.

Can I say at this point that my phone is bugged my computer hacked and I am abused with messages from the street accusing me of being a sex predator? I'm not.

Get your speakers and your slander and stick it up your arse.

It was decided to do it this way because they could depart more damage. You see, there is not evidence to arrest me for what I am being forced to make an admission of.

Funny that appear after 30 years... Now that people owe me money?

This is what I am owed right now:

I am owed work cover	1000000
I am owed a former partner separation probably	\$500000
I am owed a malpractice case (average	\$450000
I am owed compensation from the hospital at Werribee mercy	\$500000
I am owed my Nava Insurance health insurance	\$100000
I LOST over 2 million at AFCA and they owe me	\$200000
I LOST over 1.5 million at AHRC and they have rejected me	\$150000
Mr ball framed me as an extortionist	\$500000

So if you could just acknowledge these debts owed to me now...

That would be great.

Also I have a trust find in my honour and I am the recipient.

How will the trust fund recover the money?

Because I:

- Cant go to police
- Cant be a whistleblower

- Can't get a lawyer

Thanks Dr Rich McLean
