Hello Richard,
Thank you for contacting the WorkSafe Advisory service.

With regards to your claim for worker's compensation, the employer noted on the claim form, NDIS/NDIA is not covered under the Victorian WorkCover scheme.

Being a federal agency, we advise lodging the claim with [Comcare](#), the federal worker's compensation authority.

If you have any further questions, please contact WorkSafe Advisory on 1800 136 089, between 7:30am and 6:30pm, Monday to Friday.

Best regards,
Stuart.

Dear Dr McLean

Thank you for your correspondence.

We are unable to consider your matter as it is not within our jurisdiction. The Commonwealth Ombudsman's Office handles complaints about the administrative actions of Australian Federal Government agencies.

Under the NDIS Terms of Business for Registered Providers, you are responsible for insuring yourself against instances that may result in a loss of income.

This, therefore, would not involve administrative actions of Australian Federal Government agencies.

NDIS Quality and Safeguards Commission
Your new certificate of registration as a registered NDIS provider

Dear Chief Executive Officer

In June 2019, all registered providers in the Australian Capital Territory (ACT), Victoria (Vic) Queensland (Qld), Tasmania (Tas) and the Northern Territory (NT) received a provider information email to let them know what is happening with the transfer of registration as providers of supports under the National Disability Insurance Scheme (NDIS). This followed an email to all providers in the ACT, Vic, Qld, Tas and the NT in May 2019. You can find a copy of both emails on the NDIS Commission website at www.ndiscommission.gov.au.

Your registration to provide supports under the NDIS will be transferred from the National Disability Insurance Agency (NDIA) to the NDIS Commission on 1 July 2019, by the operation of the National Disability Insurance Scheme (Quality and Safeguards Commission and Other Measures) Transitional Rules 2018. Under those rules, the Commissioner will register MCLEAN, RICHARD WILLIAM (trading as Rich McLean, Arts Therapist, Peer-Support Worker & Mental Health Advocate) as a registered NDIS provider under section 73E of the National Disability Insurance Scheme Act 2013 (the Act).

The Commissioner of the NDIS Commission is now issuing you with its Certificate of Registration in accordance with paragraph 73E(4)(b) of the Act. This certificate is attached and will apply to MCLEAN, RICHARD WILLIAM (trading as Rich McLean, Arts Therapist, Peer-Support Worker & Mental Health Advocate) from 1 July 2019. Attached is an information guide relating to NDIS provider obligations under the NDIS Commission.

Your Registration ID is: 4-433J-962

You will need this Registration ID when contacting the NDIS Commission in relation to your registration and in order to access the NDIS Commission Portal located on the NDIS Commission website.

Certificate of registration

The details of your registration, including any classes of supports (previously referred to as groups of supports) that you are registered to provide, and the conditions of registration are identified in the Certificate of Registration. It is important that you are familiar with the conditions that apply to your registration and your responsibilities as a registered NDIS provider.

Registration scope

Given you will be a registered NDIS provider from 1 July 2019, it is important to be registered in relation to all supports and services that you deliver to participants with NDIA managed plans.

The transfer of provider registration is happening in the ACT, Vic, Qld, Tas and the NT as of 1 July 2019, NSW and SA transitioned on 1 July 2018. The NDIS Commission will have authority to register NDIS providers operating in all states and territories except Western Australia (WA) from 1 July 2019.

If you are delivering, or intending to deliver, supports or services to participants who reside in WA, you will need to continue your registration with the NDIA and meet the quality and safeguarding requirements in WA. More information about this is available at <https://www.ndiscommission.gov.au/about/start-dates/wa>.

Register of NDIS providers

Under section 73ZS of the Act, the Commissioner of the NDIS Commission maintains a public register of registered NDIS providers. The register is published on the NDIS Commission's website at www.ndiscommission.gov.au.

If you consider the information about you on the NDIS Provider register is inaccurate, please contact the NDIS Commission by sending an email to registration@ndiscommission.gov.au.

Next steps

Your registration will transfer to the NDIS Commission as of 1 July 2019. You will then need to start getting ready to apply for renewal of your registration.

You will need to make an application for registration under the new NDIS Commission arrangements before the end of the period specified in your Certificate of Registration. This will involve the following:

1. Submitting an application for renewal using the NDIS Commission Portal and your Registration ID. You will be required to confirm key information about your registration, including the key personnel.
2. You will also:
 - a. Undertake a self-assessment of your organisation against the NDIS Practice Standards relevant to the supports and services you provide to participants.
 - b. Arrange for an assessment against the NDIS Practice Standards. This involves a NDIS Commission approved quality auditor assessing your organisation, using either a verification or a certification method, against relevant NDIS Practice Standards. Information about approved quality auditors is published on the NDIS Commission website. Your Certificate of Registration attached specifies the timing of quality audits for your organisation.
3. To retain your organisation's registration, your organisation must submit the registration renewal application with the NDIS Commission by **31/03/2020**. This date is the end of the period of registration as stated on your Certificate of Registration. If your organisation does not submit the renewal application by this date, your organisation's status as a registered NDIS provider will lapse.

Please be aware that any registration groups your organisation is currently registered to provide to participants residing in the ACT, Vic, Qld, Tas or the NT will transfer to your registration with the NDIS Commission on 1 July 2019. As part of the registration renewal process there will be the opportunity to vary these where your organisation intends to provide different supports or services.

NDIS Commission Portal

All users linked to your organisation in the NDIA's Myplace portal will also have access to your organisation's details in the NDIS Commission Portal.

Your organisation will be required to use the NDIS Commission Portal to undertake the registration renewal process. Other functionality available on the NDIS Commission Portal, including how to provide access for additional users, is detailed on the NDIS Commission Portal webpage <https://www.ndiscommission.gov.au/providers/provider-registration/ndis-commission-portal>.

On 1 July 2019, the 'My Reportable Incidents' page will be available via the NDIS Commission Portal. This will be the way registered NDIS providers in all states and territories (except for Western Australia) notify the NDIS Commission of Reportable Incidents.

Information for providers registered for Specialist Positive Behaviour Support (110)

To support safeguarding for people subject to restrictive practices, the National Disability Insurance Scheme (Restrictive Practices and Behaviour Support) Rules 2018 require that a registered provider of specialist behaviour support services must use a behaviour support practitioner whom the NDIS Quality and Safeguards Commissioner considers suitable. To comply with this requirement, section 29 requires that specialist behaviour support providers notify the NDIS Commission by 31 July 2019 of their behaviour support practitioner(s).

To notify the NDIS Commission of your behaviour support practitioner(s) please go to the Behaviour Support webpage <https://www.ndiscommission.gov.au/providers/provider-responsibilities/behaviour-support> and follow the link: Notification of Behaviour Support Practitioners (s29). Details of your practitioner(s) can be entered into this form and submitted online to the NDIS Commission.

On the basis of the information collected from your notification, your practitioner(s) will be considered provisionally suitable as NDIS behaviour support practitioners and advised of this in writing.

Information for providers implementing a regulated restrictive practice in accordance with a behaviour support plan

The National Disability Insurance Scheme (Restrictive Practices and Behaviour Support) Rules 2018 require that any provider using a regulated restrictive practice must only use the practice in accordance with a behaviour support plan. The provider must also report monthly to the NDIS Commission on the use of restrictive practices. This applies to all new behaviour support plans developed from 1 July 2019 that contain regulated restrictive practices. There are specific state and territory transitional arrangements for what to do in relation to behaviour support plans that are already in place at 1 July 2019. Further information is available at the Behaviour Support webpage <https://www.ndiscommission.gov.au/providers/provider-responsibilities/behaviour-support>.

Please find attached your organisation's Certificate of Registration, including conditions of registration.

In addition, I have made a whistleblower statement here, which I have sent to the ombudsman.

www.richmclean.com.au

I deserve protection as a whistleblower.

This has been denied.

If you are legitimate you will see that the ombudsman has refused my whistleblower statement with this response to Helen from the ombudsman:

Dear Helen,

I have evidence that you are rejecting my whistleblower statement, that is about an endemic cover up by the Government.

It is located at www.richmclean.com.au

Other than that, I request information about why you have not provided me with NDIS terms of business for Registered providers?

Please answer this.

Comcare is a federal Government agency that has also rejected my claim.

I have an invoice / statement from the NDIA in which they forward me a cheque or rather an invoice, for an advance payment.

(They therefore are my employers).

This proves as well as my contract, I am an employee of the NDIA, and I deserve compensation.

I have already contacted Worksfae and they say ComCare is my insurer.

Dear Bernadette,

Re:

claim number: 1326583/1 determination outcome letter [SEC=OFFICIAL:Sensitive]

Thanks for your email. With the statement 'Your request for reconsideration of the determination dated 26 May 2021, which declined liability for anxiety state and depressive disorder under section 14 of the Safety, Rehabilitation and Compensation Act 1988 (SRC Act), has been received. '

1) I was under the impression that Lara Fleming was overseeing my case? Now is she not? I have a recording of her admitting that Amy Delzoppo had rejected my claim, but then Lara was unsure about it, and as her manager, you would expect her to justify this position.

2) I understood and have evidence for that Amy rejected my claim because of the reasons below, which I rebutted in the following valid ways underneath:

3) I understand that Amy no longer has anything to do with my case, so how can she decide I am not eligible with no legislative support to back her statement then it be passed onto Lara who took the reigns because I suggested to Amy that conspiracy to pervert the course of justice has a 10-14 year jail term?

Bernadette, where do you fit into the picture?

I still do not understand how it is flat out rejected, but then again rejected on the assumption I suffer from 'anxiety and depression', which is actually, not the case whatsoever.

Can you please acknowledge where you got this information from?

Additionally, I please draw your attention to the document that details my sexual abuse claim and me working with a client for over a year and a half whom had a sexual abuse history.

In addition - I support my claim with a letter from the magistrate that is scathing in her assessment of my childhood sexual abuse claim - and additionally that the lawyer responsible for the hearing illegally - did not give me an outcome.

The magistrate said 'I was doomed to fail from the start'

I wish to say that I am rationally paranoid that because of information I know and a conspiracy to pervert the course of justice and maim me in all ways including financially has been proved by me as a whistleblower statement.

It will be taken to the federal police and the national Ombudsman.

That statements on my website, and it includes Comcare.

I wish to remind individuals that I have the name of again that if they act as pawns in the veneer of a government and or motive to rob me of prosperity and lead to my ruin, and 'make my death' look like a symptom of a presumed illness, that I will name and shame those responsible.

If you don't want to be named, then please identify the person who has rejected my claim.

But bluntly, am I rejected because I cannot be insured, or on the grounds of an apparent illness, or because of some legislative concept I have not been shown?

Why am I even in reconsideration or appeal stage when the first stage has not got a concrete answer?

I remain yours sincerely,

Dr Rich Mclean

ABOUT YOUR REQUEST FOR RECONSIDERATION

Comcare has received your application for reconsideration, and we have appointed a Review Officer to your matter. Please take the time to read the information below as this outlines the reconsideration process. If you have any questions or wish to clarify the information below, please contact your Review Officer.

WHAT IS THE PROCESS OF A RECONSIDERATION

A reconsideration is conducted 'on the papers'. This means that your Review Officer will review of all the relevant documents on the claim file and any additional information provided during the reconsideration process. The Review Officer is independent from the management of the claim.

Where new evidence has been presented, the other affected party will be provided a period of time to respond to the request for reconsideration before process will commence. Comcare will provide you with a copy of any information it receives relevant to the reconsideration process.

Once Comcare receives all relevant information, the Review Officer will complete the reconsideration and issue a decision, known as a reviewable decision.

The reviewable decision is expected to be completed within a maximum of 60 days from the receipt of your request. If this timeframe needs to be extended, your Review Officer will communicate the delay and the reason for it directly to you.

OUTCOME

Comcare provides the reviewable decision in writing via your preferred method of communication. If you would like to discuss the outcome of the reconsideration with the Review Officer, you may contact them by phone.

A reviewable decision can do the following in relation to a determination under review:

- > affirm—the determination under review does not change;
- > vary—the determination under review is changed in some way;
- > revoke—the determination under review is overturned and replaced with the reviewable decision.

ONUS OF PROOF

Onus of proof is a legal term that defines how Comcare assesses information on the claim file to make a decision. In the reconsideration process, that means that an employee must demonstrate that an entitlement to compensation exists on the balance of probabilities.

WHAT IS NATURAL JUSTICE

Natural justice means that if any person that is potentially affected by a reconsideration provides information to Comcare that affects another person's interests, we need to release this information to that person and provide them with an opportunity to respond.

WHAT HAPPENS AFTER THE RECONSIDERATION

If either party disagree with Comcare's reviewable decision, then either party may appeal to the Administrative Appeals Tribunal (AAT) by lodging an *Application for review*.

An appeal must be lodged to the AAT within 60 days from the day the reviewable decision is received. We will provide details of your closest AAT registry in the reviewable decision or more information can be found at www.aat.gov.au

Dear Amy,

No no thanks for your time and evidence, as you know it was recorded and if my lawyer states that I should be covered when you have such a weak argument you will be held to account as an individual who is a mere pawn of a greater entity designed to financially ruin and maim me - that is why I am a whistleblower, and why I am warning people if they don't want to spend up to 12 years in jail for making a decision on someone's like they were told to by someone higher in authority than them. :-)

Hence, I'm helping you.

I disagree with the weak argument.

I have not even read the safety, rehabilitation and compensation Act 1999, yet I don't need to yet as you have really poorly identified, or actually, not at all successfully identified the reasons why I am rejected.

In addition, Lara is a weak conversationalist-you already rejected me then she un-rejected me as your boss-then she didn't know and was kind of just bobbing along aimlessly with nothing to say.

I request an appeal.

Send me the Act.

This is exactly the mechanism that the 'conspiracy'; utilises - the exact methodology of rejecting rejecting and 'kicking the can down the road', knowing full well they are in breach of all human compassion because I deserve cover and allowed it and will prove it with my litigation team if necessary. You know I am homeless.

I provided a copy of my registration - which you were utilising as a mechanism for 'kicking the can down the road', utilising delaying tactics once you knew I said I was disadvantaged and had moved house many times had computer problems and didn't have it.

I had it all along, but obviously it was merely a tactic employed by yourself to lengthen the time it takes me to get a result.

It is not a determination if it is decided by you with little to no evidence or critical thinking, then undecided by your boss, mulled over a bit more, can be kicked down the road and waiting weeks just to reject me anyway.

This is often a mechanism through which narcissistic abusers and the law try and destroy people's faith and their confidence.

But I promise you I will expose this should I be a millionaire, between the sheets or on the streets!

It's hilarious it's like a game.

I'm sure you're lovely but honestly someone at quote 'Comcare' (who's position you refer to), is paying you to well...be a horrible person, and you accept that then smile and wish me well.

It's really obnoxious and I think it's fitting of any decent type of human being.

I'll give you a call tomorrow, and record it, citing this email and I'll even read it to you to get your response after I have literally cornered and caught out both of you for whistleblower purposes - the thing is - you don't even know why you are rejecting me - you are just a puppet you muppet lol

Anyway I can't wait to chat.

I hope you have a lovely evening and your nerves tingle with relaxation at the thought of being a pointless pawn prostituting yourself to be inhumane as a horrible person for cash, much like a whore, except with a sex worker you at least get your rocks off.

With you you are just paid, rented really, to keep up the veneer as a pawn in the facade with no idea what's going on like a neutral pleb, with money from Comcare that protect the very people and institutions positions of power and privilege. (Which you have no idea what I am talking about).

Anyway I feel amazing today, and I look forward to seeing the statement and if necessary exposing crimes against individuals just for advocating for themselves when a exploit concealed and inherent systemic conspiracy exists to protect people like my GP and the malpractice suit and the conspiracy that happened after that, and my former partner, who's Boss was David Irvine of ASIO - ohh... the things I know about them!

(And you)

Kindly.

NDIS Quality and Safeguards Commission
Your new certificate of registration as a registered NDIS provider

Dear Chief Executive Officer

In June 2019, all registered providers in the Australian Capital Territory (ACT), Victoria (Vic) Queensland (Qld), Tasmania (Tas) and the Northern Territory (NT) received a provider information email to let them know what is happening with the transfer of registration as providers of supports under the National Disability Insurance Scheme (NDIS). This followed an email to all providers in the ACT, Vic, Qld, Tas and the NT in May 2019. You can find a copy of both emails on the NDIS Commission website at www.ndiscommission.gov.au.

Your registration to provide supports under the NDIS will be transferred from the National Disability Insurance Agency (NDIA) to the NDIS Commission on 1 July 2019, by the operation of the National Disability Insurance Scheme (Quality and Safeguards Commission and Other Measures) Transitional Rules 2018. Under those rules, the Commissioner will register MCLEAN, RICHARD WILLIAM (trading as Rich McLean, Arts Therapist, Peer-Support Worker & Mental Health Advocate) as a registered NDIS provider under section 73E of the National Disability Insurance Scheme Act 2013 (the Act).

The Commissioner of the NDIS Commission is now issuing you with its Certificate of Registration in accordance with paragraph 73E(4)(b) of the Act. This certificate is attached and will apply to MCLEAN, RICHARD WILLIAM (trading as Rich McLean, Arts Therapist, Peer-Support Worker & Mental Health Advocate) from 1 July 2019. Attached is an information guide relating to NDIS provider obligations under the NDIS Commission.

Your Registration ID is: 4-433J-962

You will need this Registration ID when contacting the NDIS Commission in relation to your registration and in order to access the NDIS Commission Portal located on the NDIS Commission website.

Certificate of registration

The details of your registration, including any classes of supports (previously referred to as groups of supports) that you are registered to provide, and the conditions of registration are identified in the Certificate of Registration. It is important that you are familiar with the conditions that apply to your registration and your responsibilities as a registered NDIS provider.

Registration scope

Given you will be a registered NDIS provider from 1 July 2019, it is important to be registered in relation to all supports and services that you deliver to participants with NDIA managed plans.

The transfer of provider registration is happening in the ACT, Vic, Qld, Tas and the NT as of 1 July 2019, NSW and SA transitioned on 1 July 2018. The NDIS Commission will have authority to register NDIS providers operating in all states and territories except Western Australia (WA) from 1 July 2019.

If you are delivering, or intending to deliver, supports or services to participants who reside in WA, you will need to continue your registration with the NDIA and meet the quality and safeguarding requirements in WA. More information about this is available at <https://www.ndiscommission.gov.au/about/start-dates/wa>.

Register of NDIS providers

Under section 73ZS of the Act, the Commissioner of the NDIS Commission maintains a public register of registered NDIS providers. The register is published on the NDIS Commission's website at www.ndiscommission.gov.au.

If you consider the information about you on the NDIS Provider register is inaccurate, please contact the NDIS Commission by sending an email to registration@ndiscommission.gov.au.

Next steps

Your registration will transfer to the NDIS Commission as of 1 July 2019. You will then need to start getting ready to apply for renewal of your registration.

You will need to make an application for registration under the new NDIS Commission arrangements before the end of the period specified in your Certificate of Registration. This will involve the following:

1. Submitting an application for renewal using the NDIS Commission Portal and your Registration ID. You will be required to confirm key information about your registration, including the key personnel.
2. You will also:
 - a. Undertake a self-assessment of your organisation against the NDIS Practice Standards relevant to the supports and services you provide to participants.
 - b. Arrange for an assessment against the NDIS Practice Standards. This involves a NDIS Commission approved quality auditor assessing your organisation, using either a verification or a certification method, against relevant NDIS Practice Standards. Information about approved quality auditors is published on the NDIS Commission website. Your Certificate of Registration attached specifies the timing of quality audits for your organisation.
3. To retain your organisation's registration, your organisation must submit the registration renewal application with the NDIS Commission by **31/03/2020**. This date is the end of the period of registration as stated on your Certificate of Registration. If your organisation does not submit the renewal application by this date, your organisation's status as a registered NDIS provider will lapse.

Please be aware that any registration groups your organisation is currently registered to provide to participants residing in the ACT, Vic, Qld, Tas or the NT will transfer to your registration with the NDIS Commission on 1 July 2019. As part of the registration renewal process there will be the opportunity to vary these where your organisation intends to provide different supports or services.

NDIS Commission Portal

All users linked to your organisation in the NDIA's Myplace portal will also have access to your organisation's details in the NDIS Commission Portal.

Your organisation will be required to use the NDIS Commission Portal to undertake the registration renewal process. Other functionality available on the NDIS Commission Portal, including how to provide access for additional users, is detailed on the NDIS Commission Portal webpage <https://www.ndiscommission.gov.au/providers/provider-registration/ndis-commission-portal>.

On 1 July 2019, the 'My Reportable Incidents' page will be available via the NDIS Commission Portal. This will be the way registered NDIS providers in all states and territories (except for Western Australia) notify the NDIS Commission of Reportable Incidents.

Information for providers registered for Specialist Positive Behaviour Support (110)

To support safeguarding for people subject to restrictive practices, the National Disability Insurance Scheme (Restrictive Practices and Behaviour Support) Rules 2018 require that a registered provider of specialist behaviour support services must use a behaviour support practitioner whom the NDIS Quality and Safeguards Commissioner considers suitable. To comply with this requirement, section 29 requires that specialist behaviour support providers notify the NDIS Commission by 31 July 2019 of their behaviour support practitioner(s).

To notify the NDIS Commission of your behaviour support practitioner(s) please go to the Behaviour Support webpage <https://www.ndiscommission.gov.au/providers/provider-responsibilities/behaviour-support> and follow the link: Notification of Behaviour Support Practitioners (s29). Details of your practitioner(s) can be entered into this form and submitted online to the NDIS Commission.

On the basis of the information collected from your notification, your practitioner(s) will be considered provisionally suitable as NDIS behaviour support practitioners and advised of this in writing.

Information for providers implementing a regulated restrictive practice in accordance with a behaviour support plan

The National Disability Insurance Scheme (Restrictive Practices and Behaviour Support) Rules 2018 require that any provider using a regulated restrictive practice must only use the practice in accordance with a behaviour support plan. The provider must also report monthly to the NDIS Commission on the use of restrictive practices. This applies to all new behaviour support plans developed from 1 July 2019 that contain regulated restrictive practices. There are specific state and territory transitional arrangements for what to do in relation to behaviour support plans that are already in place at 1 July 2019. Further information is available at the Behaviour Support webpage <https://www.ndiscommission.gov.au/providers/provider-responsibilities/behaviour-support>.

Dear Amy Delzoppo and Lara Fleming,

Please be made urgently aware of this email before 'YOUR' decision that is expected tomorrow.

Please find attached my latest workcover statement that covers me up until 22/06/2021. It is a work related injury/condition as the drs report says.

Also if I am not employed or covered by NDIS / NDIA

Then why have I got an advance payment from them?

Please consider this when you 'assess' me for eligibility which I have already proven, and I bade a warning below.

Please bear in mind you sent me this information:

'During this initial contact, the claims manager will discuss your claim and the claims process. They may also request additional information to help progress your claim. You will also have the opportunity to ask questions and learn more about the claim process.

Your claims manager is here to support you through the claims process.

Claim assessment

Following the initial contact, your claim will be assessed, and you will be informed if your claim has been accepted.

If your claim is accepted:

- you will have access to medical and health treatments and services that are evidence based and will best support your recovery
- any treatment you do have will include clear recovery goals and ongoing measurement of your progress; and
- staying in or returning to good work will be part of your overall recovery and return to health as far as possible.

If your claim is not accepted, we will explain our decision. We will also inform you how you can get the decision reviewed and we will suggest other support services that are available to you.'

In actual fact, you have already rejected me.

Your Boss, in so called 'quality assurance' Lara Fleming, says this is not the case, yet she seems unsure or unable to say with any surety or confidence one way or the other.

Additionally a cc'd email states from Worksafe that commcare are my insurer in their opinion:

(In addition, I have only worked in Victoria too, but have the agency for national work),

I also emailed all of you with this URGENT request and this evidence of an advance payment from the NDIA:

'As a registered provider and in debt to the NDIA as my 'employer', whom I am a 'sole trader' and 'contract' to:

I stopped work on the 22nd Jan - due to an injury/illness I sustained at work. I have attached the workcover forms I filled out. I have medical evidence from my doctor to back it up. I have other evidence from my work under the NDIA that reasonably translates the situation I was triggered by by my client of the NDIS.

The reluctance of my private health insurance to reimburse what I was covered for - income assist - led me to be destitute & become bankrupt-and further due to the financial distress this caused in addition to the triggered response I had while at work, I was further incarcerated against my will and hospitalised where I sustained injuries complicated by the situation.

1) Workcover says I am covered, but covered by which insurer? I assume it is Commcare.

2) I have called the NDIS & NDIA and they say I am NOT covered for workers compensation through the NDIA NOR the NDIS, even though I have registered NDIS provider ID number 4050046572 - and you are an 'employer' of myself who is paid in wages, through the portal of PRODA - a government agency - hence the NDIA is the people I contract to and currently owe money to as an 'employee'. The NDIA had gifted me this money though COVID because it is a responsible thing to do for an 'employee' that is under the auspice of NDIA.

3) Because I was denied cover for my stress related illness that was explicitly work-related by my private insurer, I was forced to bankruptcy so because this debt was incurred when I went bankrupt - I CANNOT pay.

4) This private insurance company were brutal in their assessment and it has not been resolved - it is still before AFCA - in addition they say they will pay it IF I have a workcover claim for the same 'injury' or 'psychological injury' for the same condition.

5) Hence I have been in conversation with Commsure the federal governments insurance agency to see if I am covered by them | ie: who will my insurer be if not the NDIA?

6) This debit reasonably demonstrates in an acute way that the NDIA actually IS my employer, and hence you would assume, I would be covered under federal insurer.

So I wish to state and ask of Commsure, the NDIA, the NDIS, workcover, and work safe:

Is it reasonable for me to conclude I will be covered for workcover by Commsure because this debt is exemplary of me even though I am a sole trader, to be an 'employee' of the NDIA?

q) If not, why not? Please provide evidence in legislative terms that demonstrates my exemption of cover by Commsure.

I remind you that the NDIS quality and safeguards commission is in the dropdown box on the menu of Commcare's website for claims.

Please treat this as urgent.

Thanks for all your replies.

You further go on...and I correct you on the points below:

When a new claim is received, Comcare must be satisfied that the claim has been lodged by an employee as defined under the *Safety Rehabilitation and Compensation Act 1988* (SRC Act). If not, then coverage does not exist for the person under the SRC Act.

Subsection 5(1) to (15) of the SRC Act provides coverage for the following employees:

- Employees of ACT Government
- Employees of the Commonwealth
- Employees who work for Members of Parliament
- Members of the Australian Federal Police
- **Persons employed under a contract of service**
- Persons works as apprentices or graduate for the Commonwealth
- Employees of Commonwealth authorities and licenced corporations
- Persons declared by the Minister to be Commonwealth employees
- Persons declared by the Minister to be employees of the Australian Capital Territory

NDIA have stated you are not an NDIA employee. Therefore, I have explored whether you are engaged under a contract of service with NDIA. Generally the key indicators of a contract of service are:

- The NDIA has the power to hire the person engaged for the job

NOTE: The NDIA 'approved' me, and can indeed, fire me.

-
- The payment is in the form of wages and the NDIA deducts tax and pays superannuation
- The person engaged in being paid by the NDIA and not through a separate company

NOTE: The above would accurately describe this as TRUE

-
- The NDIA has the right to supervise and control the manner in which the employee does his work

NOTE: The above would accurately because I have to do an audit my the NDIS quality Assurance and safeguards Commission. If I dont meet those, and I am yet to find out - I will be excluded from my job.

-
- The person engaged in subject to the NDIA's disciplinary standards and any other internal department policies which provide guidance and standards of behaviour.

NOTE: The above would accurately because I have to do an audit my the NDIS quality Assurance and safeguards Commission. If I dont meet those, and I am yet to find out - I will be excluded from my job. Additionally I have to make progress reports, lease with different organisations and do risk assessments and additionally have to comply with 'reportable instances' within a definite timeframe.

NDIA's response suggest that you do not meet these key indicators.

I DISAGREE

Based on the information available, I am not satisfied you are an employee under the SRC Act and cannot be covered for workers' compensation from Comcare.

What do you think now I have outlined the above?

Please treat this as URGENT, as I am homeless.

You are welcome to provide a copy of your contract with NDIA which should set out the terms and conditions of your engagement with them. If you would like to provide this, could you please do so by 20 May 2021? Dear Provider,

Recovery of Advance Payment for Registered NDIS Providers

Thank you for speaking to us recently in regard to repayment of the Advance Payment, which was made by the NDIA to your organisation on or around the 30th March 2020.

Please see attached an invoice for the balance owing of \$1,048.73

Please arrange payment by COB 20 May 2021.

The NDIA reserves its rights in respect of the Advance Payment.

If you have any queries in relation to the invoice please contact the schemedebtmanagementteam@ndis.gov.au mailbox.

Here is the evidence:

- Their ABN is: 25617475104
- The date of the invoice in which they 'reserve its rights' ie: I owe them, is stated above.
- It is a TAX INVOICE (ie: an employer).
- Document number: 300063677318
- My NDIA number (ie my employee number), is stated clearly as: 4050046572
- It is addressed to me personally- not my business www.richmclean.com.au
- It is for an advance payment from my employer in the time of COVID:
- The number of that advance payment issued is: 300063667057
- I also have a vendor number of: 4050046572
- The account I have to pay it back to is The NDIA - so obviously and without a doubt - I am employed by them - and workcover are right - Comminsure is my insurer for workcover.
- The invoice is invoiced to me personally.
- It is none of your nor Lara's Fleming's business if I do or do not have private health insurance cover for my business, and whether if I do they pay me or not- that is irrelevant.
- I have a recording of Lara asking me such questions.

I wish to state that as a person who has been prejudiced to be in debt and homeless, I exercise my right, and have also informed you both, that I have recorded our conversations - and additionally have a record of our emails that would not satisfy a court that I am exempt from cover.

Any further delay will affect my mallovs hierarchy of needs, (ie, housing and shelter), and so I have no choice but to exercise my right of publishing this evidence identifying both yourself as rejecting my claim and Lara Fleming's weak arguments to me on the phone calls that I have recorded

You are both clearly identified and recorded rejecting me and then un-rejecting me, then rejecting me again, and now you are doing what most organisations institutes and organisations do with my human rights and that is...kick the can down the road and elongate it knowing full well it will leave me starving and destitute.

If it is not resolved in my favour tomorrow, I will have no other option but to add both your names and the cover up at ComCare to my whistleblower Statement for the Federal Police and for the Independent Broad based Anti Corruption Commission (IBAC) or other agency.

This will result in you both being civilly pursued as agents of a force that are rejecting my health my wealth freedom prosperity and my livelihood

And I deserve better and I indeed think you could both do without the 10-15 years jail that 'Conspiracy to pervert the course of justice' attracts when it goes to the federal court.

Both of you do not know the circumstances by which you are being told by someone senior or 'higher than you' to 'kick the can down the road', and reject me as not being covered.

This is the way I have been victimised for many years now, and I will hold all pawns of public office of the veneer of disadvantaging me as such to that whistleblower complaint of agents that disrupt, persecute me, deny my freedoms and my agency to have prosperity.

You are both in above your head, for only I know the reason you are being told to reject me.

Please do not self demonise yourselves with jail time via my whistleblower statement simply because you are told to.

You are both better than that

I have proven a valid case and failure to demonstrate that will lead to conviction via my whistleblower statement- so either hand it to someone who is identifiable senior to you, or I dare say suffer the consequences.

Here is the evidence, below, which the federal conspiracy has been watching and deleted off of my computer, but which I will publish along with this email.

So in fact, Comcare are a faceless identity - and I will not be rejected by someone I cannot civilly identify - so I will be placing the criminal offence of 'conspiracy to pervert the course of justice' on the highest named individuals complicit in the crime.

1. Amy Delzoppo and
2. Lara Flemming

I look forward to hearing the favourable outcome, that is actually backed up by legislative evidence, to justify your position given the circumstances.

Failure to do so will convince me that the powers that be are denying me prosperity civil and legal rights and freedom, and I will publish the entire email thread above, including telephone calls I have exemption to publish under a whistleblower statement.

I also am now granted protection from litigation as a whistleblower, and additionally have an exemption to publish your recordings.

I also have in an exemption of the surveillance devices legislation 1999, in that I can publish a one sided conversation to be used in the high court because it is protecting my life and litigation. (Look it up).

And I deserve better and I indeed think you could both do without the 10-15 years jail that 'Conspiracy to pervert the course of justice' attracts when it goes to the federal court.

Both of you do not know the circumstances by which you are being told by someone senior or 'higher than you' to 'kick the can down the road', and reject me as not being covered.

This is the way I have been victimised for many years now, and I will hold all pawns of public office of the veneer of disadvantaging me as such to that whistleblower complaint of agents that disrupt, persecute me, deny my freedoms and my agency to have prosperity.

You are both in above your head, for only I know the reason you are being told to reject me.

Please do not self demonise yourselves with jail time via my whistleblower statement simply because you are told to.

You are both better than that.

I have proven a valid case and failure to demonstrate that will lead to conviction via my whistleblower statement- so either hand it to someone who is identifiable senior to you, or I dare say suffer the consequences.

Here is the evidence, below, which the federal conspiracy has been watching and deleted off of my computer, but which I will publish along with this email.

So in fact, Comcare are a faceless identity - and I will not be rejected by someone I cannot civilly identify - so I will be placing the criminal offence of 'conspiracy to pervert the course of justice' on the highest named individuals complicit in the crime.

1. Amy Delzoppo and
2. Lara Flemming

I look forward to hearing the favourable outcome, that is actually backed up by legislative evidence, to justify your position given the circumstances.

Failure to do so will convince me that the powers that be are denying me prosperity civil and legal rights and freedom, and I will publish the entire email thread above, including telephone calls I have exemption to publish under a whistleblower statement.

I also am now granted protection from litigation as a whistleblower, and additionally have an exemption to publish your recordings.

I also have in an exemption of the surveillance devices legislation 1999, in that I can publish a one sided conversation to be used in the high court because it is protecting my life and litigation. (Look it up).

Dear Amy Delzoppo and Lara Fleming,

Please be made urgently aware of this email before 'YOUR' decision that is expected tomorrow.

Please find attached my latest workcover statement that covers me up until 22/06/2021. It is a work related injury/condition as the drs report says.

Sensitive: This document may contain sensitive information as defined under Section 6 of the Privacy Act.

Also if I am not employed or covered by NDIS / NDIA

Then why have I got an advance payment from them?

Please consider this when you 'assess' me for eligibility which I have already proven, and I bade a warning below.

Please bear in mind you sent me this information:

'During this initial contact, the claims manager will discuss your claim and the claims process. They may also request additional information to help progress your claim. You will also have the opportunity to ask questions and learn more about the claim process.

Your claims manager is here to support you through the claims process.

Claim assessment

Following the initial contact, your claim will be assessed, and you will be informed if your claim has been accepted.

If your claim is accepted:

- you will have access to medical and health treatments and services that are evidence based and will best support your recovery
- any treatment you do have will include clear recovery goals and ongoing measurement of your progress; and
- staying in or returning to good work will be part of your overall recovery and return to health as far as possible.

If your claim is not accepted, we will explain our decision. We will also inform you how you can get the decision reviewed and we will suggest other support services that are available to you.'

In actual fact, you have already rejected me.

Additionally a cc'd email states from Worksafe that commcare are my insurer in their opinion:

(In addition, I have only worked in Victoria too, but have the agency for national work),

I also emailed all of you with this URGENT request and this evidence of an advance payment from the NDIA:

'As a registered provider and in debt to the NDIA as my 'employer', whom I am a 'sole trader' and 'contract' to:

I stopped work on the 22nd Jan - due to an injury/illness I sustained at work. I have attached the workcover forms I filled out. I have medical evidence from my doctor to back it up. I have other evidence from my work under the NDIA that reasonably translates the situation I was triggered by by my client of the NDIS.

The reluctance of my private health insurance to reimburse what I was covered for - income assist - led me to be destitute & become bankrupt-and further due to the financial distress this caused in addition to the triggered response I had while at work, I was further incarcerated against my will and hospitalised where I sustained injuries complicated by the situation.

- 1) Workcover says I am covered, but covered by which insurer? I assume it is Commcare.
- 2) I have called the NDIS & NDIA and they say I am NOT covered for workers compensation through the NDIA NOR the NDIS, even though I have registered NDIS provider ID number 4050046572 - and you are an 'employer' of myself who is paid in wages, through the portal of PRODA - a government agency - hence the NDIA is the people I contract to and currently owe money to as an 'employee'. The NDIA had gifted me this money though COVID because it is a responsible thing to do for an 'employee' that is under the auspice of NDIA.
- 3) Because I was denied cover for my stress related illness that was explicitly work-related by my private insurer, I was forced to bankruptcy so because this debt was incurred when I went bankrupt - I CANNOT pay.
- 4) This private insurance company were brutal in their assessment and it has not been resolved - it is still before AFCA - in addition they say they will pay it IF I have a workcover claim for the same 'injury' or 'psychological injury' for the same condition.
- 5) Hence I have been in conversation with Commsure the federal governments insurance agency to see if I am covered by them | ie: who will my insurer be if not the NDIA?
- 6) This debit reasonably demonstrates in an acute way that the NDIA actually IS my employer, and hence you would assume, I would be covered under federal insurer.

So I wish to state and ask of Commsure, the NDIA, the NDIS, workcover, and work safe:

Is it reasonable for me to conclude I will be covered for workcover by Commsure because this debt is exemplary of me even though I am a sole trader, to be an 'employee' of the NDIA?

q) If not, why not? Please provide evidence in legislative terms that demonstrates my exemption of cover by Commsure.

I remind you that the NDIS quality and safeguards commission is in the dropdown box on the menu of Commcare's website for claims.

Please treat this as urgent.

Thanks for all your replies.

Re Amy

On 13 May 2021, at 4:07 pm, Amy Delzoppo <Delzoppo.Amy@comcare.gov.au> wrote:**OFFICIAL**

Good afternoon Richard

Thank you for your time yesterday.

As discussed, National Disability Insurance Agency (NDIA) have advised that you are not employed by them and they are not paying your wage. Please find attached the emails NDIA provided to Comcare.

***I interrupt* Amy Delzoppo has OFFICIALLY stated she has attached the emails that NDIA provided to ComCare - but THERE WAS NOTHING ATTACHED and the NDIA has not responded**

You further go on...and I correct you on the points below:

When a new claim is received, Comcare must be satisfied that the claim has been lodged by an employee as defined under the *Safety Rehabilitation and Compensation Act 1988* (SRC Act). If not, then coverage does not exist for the person under the SRC Act.

Subsection 5(1) to (15) of the SRC Act provides coverage for the following employees:

- Employees of ACT Government
- Employees of the Commonwealth
- Employees who work for Members of Parliament
- Members of the Australian Federal Police
- **Persons employed under a contract of service**
- Persons works as apprentices or graduate for the Commonwealth
- Employees of Commonwealth authorities and licenced corporations
- Persons declared by the Minister to be Commonwealth employees
- Persons declared by the Minister to be employees of the Australian Capital Territory

NDIA have stated you are not an NDIA employee. Therefore, I have explored whether you are engaged under a contract of service with NDIA. Generally the key indicators of a contract of service are:

- The NDIA has the power to hire the person engaged for the job

NOTE: The NDIA 'approved' me, and can indeed, fire me.

-
- The payment is in the form of wages and the NDIA deducts tax and pays superannuation
- The person engaged in being paid by the NDIA and not through a separate company

NOTE: The above would accurately describe this as TRUE

-
- The NDIA has the right to supervise and control the manner in which the employee does his work

NOTE: The above would accurately because I have to do an audit my the NDIS quality Assurance and safeguards Commission. If I dont meet those, and I am yet to find out - I will be excluded from my job.

-
- The person engaged in subject to the NDIA's disciplinary standards and any other internal department policies which provide guidance and standards of behaviour.

NOTE: The above would accurately because I have to do an audit my the NDIS quality Assurance and safeguards Commission. If I dont meet those, and I am yet to find out - I will be excluded from my job. Additionally I have to make progress reports, lease with different organisations and do risk assessments and additionally have to comply with 'reportable instances' within a definite timeframe.

NDIA's response suggest that you do not meet these key indicators.

I DISAGREE

Based on the information available, I am not satisfied you are an employee under the SRC Act and cannot be covered for workers' compensation from Comcare.

What do you think now I have outlined the above?

Please treat this as URGENT, as I am homeless.

Rich

You are welcome to provide a copy of your contract with NDIA which should set out the terms and conditions of your engagement with them. If you would like to provide this, could you please do so by 20 May 2021? If nothing further is received from you by this time, I will need to decline your claim based on the available evidence not supporting you are an employee as defined under the SRC Act.

Warmest regards,

Amy Delzoppo

Here is the evidence:

- Their ABN is: 25617475104
-
- The date of the invoice in which they 'reserve its rights' ie: I owe them, is stated above.
-
- It is a TAX INVOICE (ie: an employer).
-
- Document number: 300063677318
-
- My NDIA number (ie my employee number), is stated clearly as: 4050046572
-
- It is addressed to me personally- not my business www.richmclean.com.au
-
- It is for an advance payment from my employer in the time of COVID:
-
- The number of that advance payment issued is: 300063667057
-
- I also have a vendor number of: 4050046572
-
- The account I have to pay it back to is The NDIA - so obviously and without a doubt - I am employed by them - and workcover are right - Comminsure is my insurer for workcover.
-
- The invoice is invoiced to me personally.
-
- It is none of your nor Lara's Fleming's business if I do or do not have private health insurance cover for my business, and whether if I do they pay me or not- that is irrelevant.
-
- I have a recording of Lara asking me such questions.

I wish to state that as a person who has been prejudiced to be in debt and homeless, I exercise my right, and have also informed you both, that I have recorded our conversations - and additionally have a record of our emails that would not satisfy a court that I am exempt from cover.

Any further delay will affect my mallows hierarchy of needs, (ie, housing and shelter), and so I have no choice but to exercise my right of publishing this evidence identifying both yourself as rejecting my claim and Lara Fleming's weak arguments to me on the phone calls that I have recorded

You are both clearly identified and recorded rejecting me and then un-rejecting me, then rejecting me again, and now you are doing what most organisations institutes and organisations do with my human rights and that is, ...kick the can down the road and elongate it knowing full well it will leave me starving and destitute.

If it is not resolved in my favour tomorrow, I will have no other option but to add both your names and the cover up at ComCare to my whistleblower Statement for the Federal Police and for the Independent Broad based Anti Corruption Commission (IBAC) or other agency.

This will result in you both being civilly pursued as agents of a force that are rejecting my health my wealth freedom prosperity and my livelihood

And I deserve better and I indeed think you could both do without the 10-15 years jail that 'Conspiracy to pervert the course of justice' attracts when it goes to the federal court.

Both of you do not know the circumstances by which you are being told by someone senior or 'higher than you' to 'kick the can down the road', and reject me as not being covered.

This is the way I have been victimised for many years now, and I will hold all pawns of public office of the veneer of disadvantaging me as such to that whistleblower complaint of agents that disrupt, persecute me, deny my freedoms and my agency to have prosperity.

You are both in above your head, for only I know the reason you are being told to reject me.

Please do not self demonise yourselves with jail time via my whistleblower statement simply because you are told to.

You are both better than that.

I have proven a valid case and failure to demonstrate that will lead to conviction via my whistleblower statement- so either hand it to someone who is identifiable senior to you, or I dare say suffer the consequences.

Here is the evidence, below, which the federal conspiracy has been watching and deleted off of my computer, but which I will publish along with this email.

So in fact, Comcare are a faceless identity - and I will not be rejected by someone I cannot civilly identify - so I will be placing the criminal offence of 'conspiracy to pervert the course of justice' on the highest named individuals complicit in the crime.

1. Amy Delzoppo and
2. Lara Flemming

I look forward to hearing the favourable outcome, that is actually backed up by legislative evidence, to justify your position given the circumstances.

Failure to do so will convince me that the powers that be are denying me prosperity civil and legal rights and freedom, and I will publish the entire email thread above, including telephone calls I have exemption to publish under a whistleblower statement.

I also am now granted protection from litigation as a whistleblower, and additionally have an exemption to publish your recordings.

I also have in an exemption of the surveillance devices legislation 1999, in that I can publish a one sided conversation to be used in the high court because it is protecting my life and litigation. (Look it up).

Dr Rich McLean

Dear Amy Delzoppo and Lara Fleming,

Please be made urgently aware of this email before 'YOUR' decision that is expected tomorrow.

Please find attached my latest workcover statement that covers me up until 22/06/2021. It is a work related injury/condition as the drs report says.

Dr Richard William McLean
2 McCubbin Street
FOOTSCRAY 3011

26 May 2021

Dear Dr McLean

Your claim for workers' compensation

Claimed condition: anxiety and depression

Date of injury: 22 January 2021

Determination

I am writing to advise that your claim for Workers' Compensation has been declined under section 14 of the *Safety, Rehabilitation and Compensation Act 1988* (SRC Act) for anxiety state and depressive disorder.

Reasons for decision

When assessing a claim, Comcare needs to be satisfied that several criteria are met. The first criteria being confirmation that the person is an 'employee' in accordance with section 5 of the SRC Act.

Subsection 5(1) of the SRC Act defines an employee to mean:

- a) A person who is **employed by the Commonwealth or a Commonwealth authority**, whether the person is **employed under a law of the Commonwealth** or of a Territory or **under a contract of service** or apprenticeship; or
- b) A person who is employed by a licensed corporation.

Are you employed by the Commonwealth?

In your workers' compensation claim form dated 26 April 2021 you state your usual occupation is 'artist-life coach- therapeutic supplier' and that you are a 'sole trader.'

You have clarified in an email dated 13 May 2021, that you are a registered provider for the National Disability Insurance Agency (NDIA) and recorded your registered National Disability

Insurance Scheme (NDIS) provider ID number. You have said you are an 'employer of yourself' and are paid by NDIA through Provider Digital Access (PRODA).

Generally, when a person is employed under a contract of service the following indicators are met:

- The employer has the power to hire the person engaged for the job.
- The payment is in the form of wages and the employer deducts tax and pays superannuation.
- The employer has the right to supervise and control the manner in which the employee does their work.
- The person engaged is subject to the employer's disciplinary standard; i.e. APS Code of Conduct and other internal department policies which provide guidance and standards of behaviour.

The NDIA advised in their statement dated 10 May 2021 that you are not an employee of NDIA. The NDIA confirmed that you are not paid in the form of wages in which the NDIA deduct tax and pay superannuation. NDIA also note that they are not responsible for your supervision or control the manner in which you complete your work and you are not subject to the APS Code of Conduct or internal NDIA policies which provide guidance and standards of behaviour.

In your response dated 14 May 2021, you state you contract to the NDIA, the NDIA have approved you and can fire you, you are being paid by the NDIA and not a separate company. You also claim that you have to complete an audit by the NDIS Quality and Safeguards Commission (NDIS Commission) and if you do not meet the requirements you will be excluded from your job; and are required to comply with reportable instances within a definite timeframe.

To support your position that you are an employee, you have provided a copy of the Recovery of Advance Payment for Registered NDIA Providers dated 13 May 2021. On review of the NDIS website, the NDIA introduced a one-off advance payment for registered providers to assist in the expected increase in cost to deliver support with the expectation this will be repaid by providers in the future.

Comcare acknowledge that you are a registered NDIA provider who delivers support to participants of the NDIS, are required to meet NDIS Commission practice standards, and receive payment from NDIA for services you provide to NDIS participants.

Based on review of the above evidence, Comcare concludes that this supports you are an independent sole trader under a contract **for** service to NDIA rather than contract **of** service. Comcare have requested you provide a copy of your contract, however, to date this has not been received.

Based on the available evidence, Comcare is not satisfied you are an 'employee' in accordance with the SRC Act and as such are precluded from claiming compensation through Comcare.

What do I do if I disagree with this decision?

If you disagree with this determination you have the right for it to be reviewed. Please refer to the attached *Notice of Rights* or see 'Assistance and Further Information Options' at the end of this letter.

If you have any queries please call me on 02~6276~0354 or contact Comcare as below.

Subject: This is for Lara Fleming. URGENT

Dear Ms Lara Fleming,

(I Include Constable Darryl McCully in this please read to the bottom because this includes you too-please acknowledge this email or I will expose our recording to IBAC (Whom are also impacted but you cannot fight a fact in a court of law)).

This letter is in defence of the workcover claims manager Amy Delzoppo who rejected my emails and hung up on me.

She provided a definitive answer that I was not covered for workcover under compare.

Yet you, her boss Lara Fleming, say this decision has not been made on our hour long conversation today.

Here are the points I want to raise that will result in a decision that I am covered by Comcare.

(Please respond to all points)

- 1) Amy has not gotten back to me please acknowledge this? (Answer one and etc)
- 2) ALL OF MY EMAIL from here literally disappeared off my screen, after I reported rape, fraud, tax evasion, and other crimes and the police did not want to call me. Don't you think that's strange? (Answer two)
- 3) You said there has no final decision being made even though Amy explicitly did so below, then refused to acknowledge my rebuttal. (Please acknowledge this)
- 4) Then my emails disappeared framed by the 'conspiracy' that a professor of psychiatry at hospital actually confirmed.
- 5) I think that you and Amy are pawn in. The broader picture of a conspiracy designed to disable me from any prosperity. Prove me wrong.
- 6) Conspiracy to pervert the course of justice carries a 10-14 year jail term.
- 7) It sounds as though you yourself are extremely reluctant to grant this to me no matter what I say
- 8) please find my rebuttal (which was ignored) below

9) Please provide evidence scubas the email Amy said about the NDIA saying I am not an employee of theirs (fact check that)

10) I not only require a decision however

11) I require you to go over my rebuttal

12) I need an answer by Monday next week as discussed and agreed to, if not before.

13) because I know that your 'quality control assurance' will fly in coherence and utter agreement with Amy's flat out rejection, (which you said wasn't but an opportunity to provide further evidence), I would like the opportunity its to 1) engage my lawyer and 2) how to appeal the decision.

14) I have ALREADY 'appealed' and rebutted Amy's 'decision' below, 9which you said is NOT a decision), but she gaslighted me as per 'the conspiracy' does, and I have come to expect.

15) My evidence below says that I have an advance payment from my employer the NDIA - with a reference number, vendor number and in addition I did not ask for this advance payment during COVID but I have paid them back thousands already.

16) Therefore I am employed by NDIS and Comsure need to pay me and acknowledge me as insured.

17) Please treat this as urgent as I am deficient in food and near the edge of my shelter and a burden on my family.

18) It is none of your business to enquire about my personal business affairs.

You have stated that it will be progressed to a decision and not just 'investigated' as you first said within our conversation.

This is a common methodology of 'kicking the can down the road' to deny me justice and prosperity.

- so I look forward to a decision regarding my insurance - and what the next steps are. (Despite my evidence and both your poor communication and rejection of evidence of emails the NDIA says I am not an employee and the complete gaslighting and unprofessionalism of my rebuttal which is now included below, and additionally 'disappeared' off my screen as per my computer and emails being intercepted, as I have explained).

You have stated there is an avenue to appeal - so I expect a 'no' from 'ComSure' already, - and I need to know A NAME of who that decision rests with - despite the advance payment from my employer below and the incredible amount of evidence that will not make any of you look good in a court.

QUESTION: WHO is the person that makes the final decision - is it you or Amy?

QUESTION: I would like my FOI of Comsure in all regards to my name my business my calls and my emails. Please provide a timeframe, because something dodgy is going on and we both know it, its bigger than you and me combined.

STATEMENT: I was hospitalised because of a stress reaction to poverty. I told the psychiatrist about the conspiracy and my former partner working for ASIO who swore to ruin my life. Immediately they thought I was psychotic and delusional - (apparently - although this was victimisation and I was treated with contempt and aggressively by the

police), however the exit statement and hospital discharge notes on me as a patient states I am definitely NOT paranoid NOR am I delusional. I wonder your opinion on this? Please elaborate.

I want to bluntly state, for my working life in the past two years my money came explicitly from the government, therefore I am insured under Comcare.

Ignore this undeniable evidence at your peril, in the high court. Conspiracy to pervert the course of justice is a 10-14 year jail term. I am collecting notes on oppressors and co conspirers as we go along.

I'm sure you would never want to risk your privileged life of freedom.

I look forward to a concrete decision of my status of being insured from Comcare before or on Monday as agreed.

I reserve the right for my FOI ((CC-d above please give me an acknowledgement and a timeframe), give me a timeframe), and for just litigation to pursue Comcare if I am rejected without legislative evidence - **and additionally the individuals who have been pawns in the process, that have conspired to pervert the course of justice - as the pawn in the veneer of institutions that have damaged me** - an extremely serious crime.

Regards,

Dr Rich Mclean

Good afternoon Richard

Thank you for your time yesterday.

As discussed, National Disability Insurance Agency (NDIA) have advised that you are not employed by them and they are not paying your wage. Please find attached the emails NDIA provided to Comcare.

When a new claim is received, Comcare must be satisfied that the claim has been lodged by an employee as defined under the *Safety Rehabilitation and Compensation Act 1988* (SRC Act). If not, then coverage does not exist for the person under the SRC Act.

Subsection 5(1) to (15) of the SRC Act provides coverage for the following employees:

- Employees of ACT Government
- Employees of the Commonwealth
- Employees who work for Members of Parliament
- Members of the Australian Federal Police
- **Persons employed under a contract of service**
- Persons works as apprentices or graduate for the Commonwealth
- Employees of Commonwealth authorities and licenced corporations

- Persons declared by the Minister to be Commonwealth employees
- Persons declared by the Minister to be employees of the Australian Capital Territory

NDIA have stated you are not an NDIA employee. Therefore, I have explored whether you are engaged under a contract of service with NDIA. Generally the key indicators of a contract of service are:

- The NDIA has the power to hire the person engaged for the job

NOTE: The NDIA 'approved' me, and can indeed, fire me.

-
- The payment is in the form of wages and the NDIA deducts tax and pays superannuation
- The person engaged in being paid by the NDIA and not through a separate company

NOTE: The above would accurately describe this as TRUE

-
- The NDIA has the right to supervise and control the manner in which the employee does his work

NOTE: The above would accurately because I have to do an audit my the NDIS quality Assurance and safeguards Commission. If I dont meet those, and I am yet to find out - I will be excluded from my job.

-
- The person engaged in subject to the NDIA's disciplinary standards and any other internal department policies which provide guidance and standards of behaviour.

NOTE: The above would accurately because I have to do an audit my the NDIS quality Assurance and safeguards Commission. If I dont meet those, and I am yet to find out - I will be excluded from my job. Additionally I have to make progress reports, lease with different organisations and do risk assessments and additionally have to comply with 'reportable instances' within a definite timeframe.

NDIA's response suggest that you do not meet these key indicators.

I DISAGREE

Based on the information available, I am not satisfied you are an employee under the SRC Act and cannot be covered for workers' compensation from Comcare.

What do you think now I have outlined the above?

Please treat this as URGENT, as I am homeless.

Rich

You are welcome to provide a copy of your contract with NDIA which should set out the terms and conditions of your engagement with them. If you would like to provide this, could you please do so by 20 May 2021? If nothing further is received from you by this time, I will need to decline your claim based on the available evidence not supporting you are an employee as defined under the SRC Act.

Warmest regards,

Amy Delzoppo

Dear NDIA, AMY, Workcover, Worksafe, NDIS

I need to know if I am covered by commcare for workcover please urgently.

If I can rec give a debt from them for an advance payment, you would think that I am an 'employee'

Please can you all answer this.

Thanks

As a registered provider and in debt to the NDIA as my 'employer', whom I am a 'sole trader' and 'contract' to:

I stopped work on the 22nd Jan - due to an injury/illness I sustained at work. I have attached the workcover forms I filled out. I have medical evidence from my doctor to back it up. I have other evidence from my work under the NDIA that reasonably translates the situation I was triggered by by my client of the NDIS.

The reluctance of my private health insurance to reimburse what I was covered for - income assist - led me to be destitute & become bankrupt-and further due to the financial distress this caused in addition to the triggered response I had while at work, I was further incarcerated against my will and hospitalised where I sustained injuries complicated by the situation.

1) Workcover says I am covered, but covered by which insurer? I assume it is Commcare.

2) I have called the NDIS & NDIA and they say I am NOT covered for workers compensation through the NDIA NOR the NDIS, even though I have registered NDIS provider ID number 4050046572 - and you are an 'employer' of myself who is paid in ways, through the portal of PRODA - a government agency - hence the NDIA is the people I contract to and currently owe money to as an 'employee'. The NDIA had gifted me this money though COVID because it is a responsible thing to do for an 'employee' that is under the auspice of NDIA.

3) Because I was denied cover for my stress related illness that was explicably work-related by my private insurer, I was forced to bankruptcy so because this debt was incurred when I went bankrupt - I CANNOT pay.

4) This private insurance company were brutal in their assessment and it has not been resolved - it is still before AFCA - in addition they say they will pay it IF I have a workcover claim for the same 'injury' or 'psychological injury' for the same condition.

5) Hence I have been in conversation with Commsure the federal governments insurance agency to see if I am covered by them | ie: who will my insurer be if not the NDIA?

6) This debit reasonably demonstrates in an acute way that the NDIA actually IS my employer, and hence you would assume, I would be covered under federal insurer.

So I wish to state and ask of Commsure, the NDIA, the NDIS, workcover, and work safe:

Is it reasonable for me to conclude I will be covered for workcover by Commsure because this debt is exemplary of me even though I am a sole trader, to be an 'employee' of the NDIA?

q) If not, why not? Please provide evidence in legislative terms that demonstrates my exemption of cover by Commsure.

I remind you that the NDIS quality and safeguards commission is in the dropdown box on the menu of Commcare's website for claims.

Please treat this as urgent.

Thanks for all your replies.

Good afternoon Richard

Thank you for your time yesterday.

As discussed, National Disability Insurance Agency (NDIA) have advised that you are not employed by them and they are not paying your wage. Please find attached the emails NDIA provided to Comcare.

When a new claim is received, Comcare must be satisfied that the claim has been lodged by an employee as defined under the *Safety Rehabilitation and Compensation Act 1988* (SRC Act). If not, then coverage does not exist for the person under the SRC Act.

Subsection 5(1) to (15) of the SRC Act provides coverage for the following employees:

- Employees of ACT Government
- Employees of the Commonwealth
- Employees who work for Members of Parliament
- Members of the Australian Federal Police
- **Persons employed under a contract of service**
- Persons works as apprentices or graduate for the Commonwealth
- Employees of Commonwealth authorities and licenced corporations
- Persons declared by the Minister to be Commonwealth employees
- Persons declared by the Minister to be employees of the Australian Capital Territory

NDIA have stated you are not an NDIA employee. Therefore, I have explored whether you are engaged under a contract of service with NDIA. Generally the key indicators of a contract of service are:

- The NDIA has the power to hire the person engaged for the job

NOTE: The NDIA 'approved' me, and can indeed, fire me.

-
- The payment is in the form of wages and the NDIA deducts tax and pays superannuation
- The person engaged in being paid by the NDIA and not through a separate company

NOTE: The above would accurately describe this as TRUE

-
- The NDIA has the right to supervise and control the manner in which the employee does his work

NOTE: The above would accurately because I have to do an audit my the NDIS quality Assurance and safeguards Commission. If I dont meet those, and I am yet to find out - I will be excluded from my job.

-
- The person engaged in subject to the NDIA's disciplinary standards and any other internal department policies which provide guidance and standards of behaviour.

NOTE: The above would accurately because I have to do an audit my the NDIS quality Assurance and safeguards Commission. If I dont meet those, and I am yet to find out - I will be excluded from my job. Additionally I have to make progress reports, lease with different organisations and do risk assessments and additionally have to comply with 'reportable instances' within a definite timeframe.

NDIA's response suggest that you do not meet these key indicators.

I DISAGREE

Based on the information available, I am not satisfied you are an employee under the SRC Act and cannot be covered for workers' compensation from Comcare.

What do you think now I have outlined the above?

Please treat this as URGENT, as I am homeless.

Rich

You are welcome to provide a copy of your contract with NDIA which should set out the terms and conditions of your engagement with them. If you would like to provide this, could you please do so by 20 May 2021? If nothing further is received from you by this time, I will need to decline your claim based on the available evidence not supporting you are an employee as defined under the SRC Act.

I'm not sure if sole traders need to be insured to be an NDIS provider. He could go to the NDIS website, there is a tab for providers, that would be a start.

So I wish to state and ask of Commsure, the NDIA, the NDIS, workcover, and work safe:

Is it reasonable for me to conclude I will be covered for workcover by Commsure because this debt is exemplary of me even though I am a sole trader, to be an 'employee' of the NDIA?

q) If not, why not? Please provide evidence in legislative terms that demonstrates my exemption of cover by Commsure.

Please treat this as urgent.

Thanks for all your replies.

Good afternoon Richard

Thank you for your time yesterday.

As discussed, National Disability Insurance Agency (NDIA) have advised that you are not employed by them and they are not paying your wage. Please find attached the emails NDIA provided to Comcare.

When a new claim is received, Comcare must be satisfied that the claim has been lodged by an employee as defined under the *Safety Rehabilitation and Compensation Act 1988* (SRC Act). If not, then coverage does not exist for the person under the SRC Act.

Subsection 5(1) to (15) of the SRC Act provides coverage for the following employees:

- Employees of ACT Government
- Employees of the Commonwealth
- Employees who work for Members of Parliament
- Members of the Australian Federal Police
- **Persons employed under a contract of service**
- Persons works as apprentices or graduate for the Commonwealth
- Employees of Commonwealth authorities and licenced corporations
- Persons declared by the Minister to be Commonwealth employees
- Persons declared by the Minister to be employees of the Australian Capital Territory

NDIA have stated you are not an NDIA employee. Therefore, I have explored whether you are engaged under a contract of service with NDIA. Generally the key indicators of a contract of service are:

- The NDIA has the power to hire the person engaged for the job

NOTE: The NDIA 'approved' me, and can indeed, fire me.

-
- The payment is in the form of wages and the NDIA deducts tax and pays superannuation
- *The person engaged in being paid by the NDIA and not through a separate company*

NOTE: The above would accurately describe this as TRUE

•

- The NDIA has the right to supervise and control the manner in which the employee does his work.

FOI request - 2021/4547

NOTE: The above would accurately because I have to do an audit my the NDIS quality Assurance and safeguards Commission. If I dont meet those, and I am vet to find out - I will be excluded from my job.

-
- The person engaged in subject to the NDIA's disciplinary standards and any other internal department policies which provide guidance and standards of behaviour.

NOTE: The above would accurately because I have to do an audit my the NDIS quality Assurance and safeguards Commission. If I dont meet those, and I am vet to find out - I will be excluded from my job. Additionally I have to make progress reports, lease with different organisations and do risk assessments and additionally have to comply with 'reportable instances' within a definite timeframe.

NDIA's response suggest that you do not meet these key indicators.

I DISAGREE

Based on the information available, I am not satisfied you are an employee under the SRC Act and cannot be covered for workers' compensation from Comcare.

What do you think now I have outlined the above?

Please treat this as URGENT, as I am homeless.

Rich

You are welcome to provide a copy of your contract with NDIA which should set out the terms and conditions of your engagement with them. If you would like to provide this, could you please do so by 20 May 2021? If nothing further is received from you by this time, I will need to decline your claim based on the available evidence not supporting you are an employee as defined under the SRC Act.

Warmest regards,

Amy Delzoppo

Dear biz cover,

And Vero,

(Craig who I just spoke with), (CC comminsure and workcover and work safe -can you both please acknowledge this email and /or shed any light?)

I just received this email from biz [cover.com.au](https://www.bizcover.com.au)

It is for my business insurance I wondered if I may be covered by them for my break from work due to 'stress' which I have been unable to determine with any workcover comminsure the NDIS or the NDIA

Can I ask what does this mean?

'Online Medical Malpractice Civil Liability Policy (LPS016832716?M14933) issued by Vero Insurance'

Can I also ask what this means?

'Prior to this you purchased a DUAL Australia Allied Health Professionals Combined Liability Policy (BMM/22575/000/19/J)'

Are these policies or claims that have been made against me - without me even knowing about it?

Why would I not know something g about that?

What does it mean?

I am utterly in the dark?

Can anyone at Bizcover or workcover or work safe or commcare please shed some light on this?

Do I need to seek legal advice?

Thanks,

Rich

Dear Dr McLean Thank you for your email dated 1 May 2021 asking for information about your cover under insurance purchased through BizCover, and specifically regarding whether you are covered for "...an interruption in work/business for a sole trader." We are sorry to hear of the difficult circumstances you are facing. Your current Policy purchased through us is an Online Medical Malpractice Civil Liability Policy (LPS016832716?M14933) issued by Vero Insurance. Prior to this you purchased a DUAL Australia Allied Health Professionals Combined Liability Policy (BMM/22575/000/19/J). Generally and subject to their respective terms and conditions, these Policies cover your legal liability to pay compensation to third parties arising out of your business activities an/or any professional services or advice you provide. There may be extensions and additions to this cover and we refer you to the individual policies for further details. We note, however, that you do not appear to have purchased any business interruption cover. If you would like to make a claim for the insurer to consider, attached is a claim form for you to complete and return to us. The following link provides some information in the event you are seeking financial hardship assistance: <https://www.bizcover.com.au/official-documents/financial-hardship/> Further information may also be found on our insurer partners' websites: * Vero Insurance - <https://www.vero.com.au/contact-us/help-support.html> * DUAL Insurance Australia - <https://www.dualaustralia.com.au> I hope this assists and provides some clarification. Dear Commcare, and Workcover...

Is this claim assessed?

What is the process?

I spoke with someone at workcover and they said I am insured somewhere...

and they said I am a sole trader and I am not covered by commcare...

Workcover has pointed me again in your direction...

I want to stipulate that I am a registered provider with the NDIS as a registered provider, and I invoice directly to PRODA which is a government agency.

I want to determine quite urgently if despite being a sole trader if I get paid by the NDIS does that mean or not mean I am employable and our insured by Commcare?

This has come to my attention recently when my private insurer has rejected me outright unless I have a same claim with workcover.

Workcover has referred me to Commcare.

Can Amy please call me back, or even better, can she email me back please defining how within legislation I am NOT insured with commcare, and if not, what will I tell workcover?

TIA

Worker's injury claim form

For help completing this form or for more information contact:

- Your employer or the nominated Return to Work Coordinator at your workplace
- Your employer's WorkSafe Victoria (WorkSafe) Agent - to find out who the Agent is check the *If you are injured* poster or call the WorkSafe Advisory Service: freecall 1800 136 089
- WorkSafe Advisory Service - the WorkSafe call centre: freecall 1800 136 089
- Your union
- Union Assist - a free service set up and run by the Victorian Trades Hall Council: (03) 9639 6144

As the worker you need to:

- Answer all of the questions on this form. **Carefully complete this form using a dark blue or black pen.** The form may be returned to you if it is incomplete
- Sign the authority to release medical information and worker's declaration at the end of this form. The form cannot be accepted without your signature
- Keep a copy of all documents for your records
- Notify your employer as soon as possible that you've been injured at work, and complete the injury register at your workplace. You can also notify the Agent directly by sending them the "early notification" copy of this form
- Report the accident to the police if your injury was the result of a motor vehicle accident. Otherwise your claim may not be valid
- Give this form (when completed) to your employer as soon as possible after being injured. If you have difficulty giving this claim to your employer, or your employer refuses to take receipt of the claim form, you can send it directly to the Agent or WorkSafe if the Agent is not known
- See your medical practitioner to obtain a *WorkSafe Certificate of Capacity (medical certificate)* if you are unable to work and want to claim weekly payments, and give the original copy to your employer along with this form. It is a good idea to check that all of the injuries or illnesses that you are claiming for on this form are listed on the *WorkSafe Certificate of Capacity*
- Note that if your claim is accepted, WorkSafe can pay the reasonable costs of medical and like expenses. However, this may not mean payment of the full costs. In some cases there may be a gap between what the provider charges you and what WorkSafe can pay as reasonable costs. If you want to know the reasonable costs for a particular service, visit the WorkSafe website at [worksafe.vic.gov.au](https://www.worksafe.vic.gov.au).
- Read the statement on the back of this form that explains how your personal and health information will be collected and used and how your weekly payments will be calculated (if your claim is accepted).

Getting back to work

- Talk with your employer to plan your return to work
- Talk to your medical practitioner or healthcare provider about what parts of your work you could do and any limitations you have. You can also encourage your medical practitioner or healthcare provider to talk to your employer about your capacity for work and any suitable duties that may be available
- Talk to the Agent about what support is available to help you return to work and overcome your injury as quickly as possible

Your employer's responsibilities:

- To confirm to you in writing that you notified them of this claim (they can do this by giving you a copy of this form when signed and completed)
- If you are claiming weekly payments, they must send the completed form and any *WorkSafe Certificates of Capacity (medical certificates)* to the Agent as soon as possible, but no later than 10 days after receiving them from you - or they may be financially penalised
- To pay you weekly payments if your claim is accepted and you have an entitlement
- To work with you to plan your return to work (if required)
- To provide you with suitable employment when you have a capacity to work
- To provide you with pre-injury employment when you have recovered and no longer have an incapacity for work
- To appoint a return to work coordinator who is competent to support your return to work.

Please note that there are penalties for providing false or misleading information in relation to this claim.

The WorkSafe Agent will write to you and advise you if your claim is accepted.

A decision to accept or reject your claim will usually be made within 28 days from the Agent received date.

To find out more about making a claim, and what support is available to help you return to work, talk to the Agent, refer to the brochure *Introducing WorkSafe, a guide for injured workers*, or visit the WorkSafe website at [worksafe.vic.gov.au](https://www.worksafe.vic.gov.au).

Collection of personal and health information to manage your claim*

In processing your claim, the Victorian WorkCover Authority (WorkSafe) and any WorkSafe Agent acting for WorkSafe in relation to your claim may collect personal and health information about you. WorkSafe and its Agents are required by law to ensure that all people about whom they collect personal and health information are provided with the following information:

WorkSafe is a body corporate established under the Victorian workers compensation legislation. Agents are appointed by WorkSafe under that legislation to act on its behalf in managing workers' compensation policies and claims for compensation.

Personal and health information about you is collected on this form and may also be collected during the processing, assessing and management of your claim. It may be collected from your current, previous and future employers, other government agencies, credit reporting agencies, health service providers and other persons who can provide information relevant to the claim.

Personal and health information about you may also be collected by solicitors, private investigators, loss adjusters and other service providers acting on behalf of WorkSafe or your employer's Agent. Personal and health information collected about you is used for the purpose of processing, assessing and managing your claim and to verify any evidence you may submit in support of the claim. The information may also be used for one or more of the purposes listed in Victorian workers compensation legislation for the purposes of legal proceedings arising under that legislation, to assist with your rehabilitation and return to work and to assist WorkSafe and Agents to better manage claims generally.

For the purposes of processing, assessing and managing your claim, WorkSafe and your employer's Agent may disclose personal and health information about you to each other and to the following types of organisations:

- employees, contractors and agents of WorkSafe and Agents
- your employers
- solicitors, medical practitioners and other health service providers, private investigators, loss adjusters and other service providers acting on behalf of WorkSafe or the Agent in relation to the claim
- the Accident Compensation Conciliation Service and Medical Panels
- any committee established under legislation to advise WorkSafe
- a court or tribunal in the course of criminal proceedings or any proceedings under any of the Acts which WorkSafe administers
- any other person, organisation or government agency authorised by you, or by law, to obtain the information.

Collection of this information may be required by Victorian workers compensation legislation. If you do not provide any part or all of this information, your claim may not be accepted or processed. You may request access to personal and health information about you collected by WorkSafe or your employer's Agent by contacting your employer's Agent.

Communicating with you

WorkSafe may use your email address or mobile telephone number for any purpose for which you provide it, including to send you personal and health information relating to your claim. Email and SMS are convenient and consistent methods of communication, but you should understand that they are not completely secure and there is a risk that they could be intercepted, read or modified by others or sent to an incorrect address. If you have any questions, or if you would like to update your contact details or change your preferences for how WorkSafe communicates with you, please contact us via the "Contact us" page on the WorkSafe website: [worksafe.vic.gov.au](https://www.worksafe.vic.gov.au).

WorkSafe's policies for managing personal and health information are set out in its Privacy Policy, which is available from your nearest WorkSafe office or at the WorkSafe website at [worksafe.vic.gov.au](https://www.worksafe.vic.gov.au). Information relating to your right to access your WorkSafe claim information is also available at the website.

(*If your injury employer is an approved self-insurer, references to 'WorkSafe' and 'Agent' should be read as if they were references to 'self-insurer' and 'approved agent of a self-insurer'.)

Calculating your entitlement to weekly payments

Weekly payments are calculated based on your pre-injury average weekly earnings (PIAWE), generally in the 52 weeks before your injury. If you have been with your employer for less than 52 weeks, your PIAWE will be your average weekly earnings in the period of actual employment.

What information your employer needs to provide about your earnings

To enable the WorkSafe Agent to calculate your PIAWE, your employer will need to provide details of the following payments made to you in the past 52 weeks of your employment, or if that was less than 52 weeks, in the period of your actual employment.

- Base rate of pay
- Overtime and shift allowances
- Piece rates, tally bonuses and commissions
- Non-pecuniary benefits including residential accommodation, use of a motor vehicle, payment of health insurance or payment of education fees
- Any salary sacrifice arrangements

Your employer will also need to tell the Agent if, in the 52 week period before the injury, your earnings increased due to a promotion, or if they decreased due to you voluntarily reducing your hours or changing the nature of your work with the employer.

If your earnings include any other items not listed above, please discuss this with your Agent.

Note transferred from exercise book.

PC with EE

- EE advised that things have gone missing from his computer - he believes there is a conspiracy - some bad things have been happening.

- EE went to policy yesterday to report crimes - they wouldn't listen to him. - conspiracy, murder, medical malpractice, fraud, tax evasion, his emails have disappeared.

- EE advised he has spoken to Spine Lawyers.

- EE considers he is an employee - he has a tax invoice from NDIA - forward payment that supports this.

- EE said that we are perverting the course of justice and are pawns in this conspiracy against him.

- I advised that Amy has not declined his claim yet but has advised him that based on the current information, it appears that he is not an employee and unless he can provide us with further information such as his contract of employment then the claim will likely be declined.

- I asked EE about private insurance and previous claims but he told me that was none of his business. I advised that it is relevant because as a sole trader he would have to ensure he was insured.

- EE said he will put in an FOI request for his claim information. I advised that we can collate that under s59 for him.

- EE said that we are splitting hairs and are blocking him from getting a 'hell of a lot of money'. He mentioned he is currently squatting.

- EE advised he wants a decision asap and will provide a further statement to support his claim/response to the rebuttal. I advised that we will endeavour to get back to him by Monday. I advised we were happy to review any further supporting information he had.

EE called advising that his computer has been hacked probably by the government and he has lost all the emails we sent to him including the determination. He asked that I email him a copy. He asked if I had any knowledge or information regarding the conspiracy to hacking his computer/emails because he is going to the Ombudsman. I advised that I did not.

EE asked me to email the determination to both his existing email and richarddrawstuff@gmail.com. He stayed on the line until he received the determination.

EE thanked me for my assistance.

Employee to Comcare

12.55 received call from Richard (EE) returning my call.

He requested i email him a copy of the written determination so he can engage in litigation. Confirmed i would email him a copy of the determination letter. Explained he has 30 days to request a reconsideration should he disagree with the decision. Explained if he requires longer he can request an EOT.

EE asked whether his claim has been accepted. I explained it has been declined on the basis we were not satisfied he was an employee under Comcare's legislation. He asked if he was not an employee of NIDA then who is he an employee of. Explained based on the information we had on file he is a sole trader and self-employed. He wanted to know whether we considered the debt he received from NDIA as evidence he is an employee. I explained we had considered this and on review of NDIA website it suggests all providers were offered an advance payment in response to covid and we were not satisfied this was enough to support he was an employee.

He said that his previous partner was involved in murder, rape and 1.3 billion tax invasion and only got a slap on the wrist. He can't go to the police, any government agency, victoria ombudsman, ect. He said I am a part of something higher than me and part of the conspiracy. EE asked if i received his email last night and i confirmed i had received it and read it. He said that he will be publicising mine and Lara's names naming us in his conspiracy. He will also be adding our names to his whistleblower statement for the police and the broad based anti corruption commission.

He wanted my opinion that I agreed it was none of Lara's business on whether he has private health insurance. I explained we are trying to assist him in understanding whether he may be entitled to insurance elsewhere. he said he did not think we were helping and were kicking the can along the road.

He wanted advice on who he should engage legally. I explained i could not provide him this advice and this is his decision. He said he wanted Comcare to arrange an advocate on his behalf. I explained Comcare cannot arrange an advocate for him. He said i was discriminating against him because he has a learning disability and may not be able to understand the determination letter. I confirmed the length of the letter. I asked whether he had anyone that could AOB who i could send the letter to and he said he couldn't think of anyone. I said he could discuss the letter with his GP. He said he does not have a GP. I asked whether he was seeing Dr Moore. He asked whether I had been in contact with Dr Moore. I explained Comcare had attempted to contact Dr Moore. EE said he did not give us permission to contact Dr Moore. I explained he had signed a workers compensation claim form and we had concerns about his welfare and wanted to discuss this with Dr Moore but had not received a callback from him to date.

He wanted to know what would happen if we had a person who was blind submit a claim and couldn't read the letter. I explained this is a hypothetical question and does not have relevance to his claim. I explained I would email the determination letter and appeal rights and if he had questions regarding the letter he could call me and we could discuss this further. He wanted to know whether we have addressed his rebuttal and i explained we have outlined the reasons why we do not consider he is an employee in the determination letter. He requested i send the email to him from my direct line and provide mine and Lara's email address, phone numbers and hours we work so he could contact us should he need to. He explained his emails had been disappearing.

He wanted to know why it has taken so long to reach a decision. I explained we wanted to allow him time to provide his contact with NDIA. He said if he provided this then would that prove he is an employee. I explained it would depend on what information is contained in the contract.

Confirmed i would email determination letter today. Thanks exchanged

25/05/2021 IMAS Service

Support required regarding determination

Declinature is due to occur as EE is not considered employee under legislation (sole contracted Provider - completed advocacy and support/tx services)

CM and AD noted that EE is highly distressed, previous history of self harm/extreme distress. EE has reported suicidal ideations and distress behaviour with processes and mental health.

Discussed EE wants outcome today. Agreed with all parties not appropriate for EE to receive letter after business hours and ideally not without support from GP (no other support person).

CM has attempted on several occasions to call GP and has not received response. IMAS agreed to call tonight whilst CM provides response to EE advising outcome would be provided tomorrow.

Follow up email sent to CM:

As discussed this evening, we have reviewed that the claimant is highly vulnerable and has reported high distress and suicidal ideation on several occasions.

The claims team have attempted to contact the GP on multiple occasions requesting a call back regarding the claimant's welfare and also support to release the determination given the possible risk to the claimant's wellbeing.

I contacted the clinic tonight and they confirmed Dr Moore was working till 6pm. I explained the situation, welfare concerns and the need for contact with Comcare to enable support for release of a determination or alternative to ensure a welfare call is completed in a timely manner. The receptionist initially advised she would get Dr Moore to complete a welfare call then to call Comcare. I requested that a phone call be made to Comcare first so that we could discuss the situation to ensure appropriate action is undertaken. The receptionist advised she would urgently flag with Dr Moore this evening and I confirmed we would be available until 6pm.

I called back at 5:55pm when no response was received. I remained on hold music until 6pm when the line cut out and I am no longer able to get through. Dr Moore does not work Wednesdays.

I would recommend that given Comcare's ongoing attempts to obtain GP support in the matter without success and in addition the claimant's requests and distress with a lack of outcome the following actions be considered (for your review Lara and Amy):

1. Contact the GP clinic tomorrow morning summarising the above and ask if Dr Moore provided a response tonight.
2. Provide a written letter to the practice outlining the attempts and the fact the determination is released and request the GP follow-up on contact.
3. Call the claimant tomorrow to verbally discuss the outcome prior to release of the letter this way if there are welfare concerns raised this can be escalated and IMAS/senior management can support and the CATT or police can be called to complete welfare to ensure safety.

Employee to Comcare

@ 12.26 received call from Richard.

He said how can we say he is not an employee if he has a vendor number with NDIS and owes them money because of the advance payment they made during covid. He said he needs someone to advocate for his company he needs someone to advocate him. He said there are three ways he gets paid through NDIA.

Explained he could provide me with a copy of his contract with NDIA and i could look into this further for him. He said he does not have a copy of his contract because his computer broke and he did not print this out. I explained without the contract i will have to go based on the information before me. He asked that i request his contract from NDIA. I explained this will be difficult because NDIA are saying he is not an employee and they do not have any record of him in their system.

He disputes the information i provided him that he is not an employee. He said the NDIA are responsible for the way he completes his work and he has to follow their procedure and gets audited by them. He said he had to follow policies which provide guidance of standards of behaviour because he needs to report any incidents that happen to NDIA otherwise he can get in trouble and could be excluded from the job.

He said he was recording my phonecall and feels this is all conspiracy. He said no one wants to help him including the ombudsmen, centrelink, workcover, NDIS, Comcare. He said this is all about his ex partner trying to ruin his life. He said his ex partner worked for ASIO and was a tax evader of 1.2 billion dollars.

He said i was an evil prawn being controlled by someone higher up than me trying to protect him from getting workcover. I said i did not appreciate being called an evil prawn and if he continued to say things like that i would need to terminate the call. He apologized for calling me evil. I explained I am trying to help him but i really need a copy of his contract. I also explained I have contacted NDIA to see if they have any info on NDIS sole traders they can provide and possible contacts for him.

EE requested i respond to his latest email where he has provided evidence that NDIA have requested he pay back money. I explained i feel there is nothing further to respond to and that i will require his contract. He said that i cannot ignore his email and that he recording me. He is also going to report my name to ombudsmen so they will likely be in contact with me. He requested Lara Fleming call him urgently. Confirmed i would get her to call

12/05/2021 Comcare to Employee

@ 4.00 returned call to EE (Richard)

Provided update explaining we have received email from NDIA and they have advised he is not an employee of them and they do not pay his wage. He wanted to know how that could be the case if he has PRODA access for NDIS and he is NDIS provider providing therapeutic treatment to NDIA clients. He said when he accesses PRODA he gets paid directly from NDIA. He said although he is a sole trader he gets paid by NDIA. I explained it sounds like he is a sole trader and provides therapeutic services to participants of NDIA but that does not mean he is an employee of NDIA.

EE requested i provide him the email sent by NDIA and the relevant legislation that says sole traders of NDIA are not covered by Comcare by tomorrow. He asked if we don't cover him then who does. I explained i could not advise this because i can only advise who Comcare does cover. I explained if he is a sole trader and cannot work he could look into his income protection. He said i have no idea what he has been through and he contacted his income protection and they declined him and continued to decline him even though he went to hospital and attempted suicide there. He said they won't respond to any of his queries or answer his calls. He said Comcare is an insurance agency and we are just trying to not pay him. I explained this was not the case and that under the legislation he needs to first meet the criteria of being an employee as defined under this legislation and based on the information from NDIA this does not support he is.

He said i needed to be a big girl and email him with the reason why as a sole trader of NDIA he is not covered and he needs this urgently because he is dying. Confirmed his best email and confirmed i would email him

Employee to Comcare

@ 12.26 received call from EE (Richard) he advised he received claim number and wanted to know if claim was accepted. I explained his claim has been registered but not accepted at this stage. Explained I am seeking clarification from NDIA on whether he is an employee of them. EE recalled conversation that Comcare may not cover him. I explained we cover commonwealth employees. He said he looked on comcare website and it says comcare covers NDIA. I confirmed we do cover NDIA employees but because he has indicated he is contracted we need to confirm with NDIA whether he is an employee or contracted by a different company. Asked whether he was paid by NDIA and he said he thought so. He said he works with NDIA and NDIS clients as well as other clients. I explained I have asked NDIA to confirm if he is an employee by Wednesday. I explained if he is an employee we can then start assessment process such as requesting reports from his doctors and a details statement from him. Advised NDIA will also be offered opportunity to provide statement as well.

I clarified with Richard multiple times that NDIA confirming he is an employee does not mean his claim is accepted. I explained there is certain criteria Comcare has to be satisfied of before we can accept a claim. He asked how long the process would take. I explained it can take up to 60 days but it is dependent on how quickly requested information is received. He said he would follow up with doctor Moore immediately and get him to action the report. He said he also has information on when he was incarcerated in hospital for suicide watch. He wanted to know who would cover him if it's not comcare. I explained it should be on his contract who covers his workers comp. He said he would look.

He expressed concern that his family is saying his rent and they can only do this for next 30 days. He is too unwell to work. He is anxious to get an outcome. He can't afford to feed his dog. He wanted to know how Comcare arranges his psych treatment. I explained comcare cannot arrange or recommend any treatment providers and this is up to him and his doctor to arrange. He said even after his hospital stay no one has referred him to a psychologist or psychiatrist. He said the psychiatrist at the hospital would not give him the medication he needs. He is looking into suing the hospital and that's why they won't help him. I asked about his relationship with doctor Moore and he said he has been a patient for 5 years but cannot comment on the relationship.

He wanted to know how many claims are accepted by me. I explained I could not provide this number and every claim is assessed on its own merit based on the information on hand. He wanted an exact timeframe for a decision, I explained I could not provide the exact timeframe because it is dependant on how quickly information is received.

He asked I contact him at 3 on Wednesday to provide an update on what NDIA have said.

Comcare to Employee

6/05/2021 - PC to EE

Confirmed receipt of his claim and advised that he indicated he was a registered NDIS provider. I advised that we need to seek clarification from the NDIA because if he is a provider for a contract for service than he is unlikely to be classified as an 'employee' under the SRC Act which means the Comcare scheme does not cover him. EE requested this information in writing. I confirmed that once i've sought clarity from the Agency we would advise him in writing.

- EE advised that his income protection didn't pay out because stress isn't a diagnosis. Later in the conversation EE then said that his claim was declined because his condition arose as a result of financial stress.
- EE advised he was homeless, squatting and then hospitalised.
- EE noted that his former partner worked at ASIO and has sown to ruin him - he believes there are handover tactics at play. His former partner was involved in a murder situation and was a tax evader.
- EE feels there is a conspiracy against him and he is frustrated at the parties that are involved- he is still fighting for justice.
- EE advised that he survived 2 murder attempts
- EE feels marginalised and has been battling for justice for the last 4 years. Court said he was doomed to fail.
- EE has ADHD. He sees Dr Moore - he doesn't see a GP.
- EE obtained his masters and PHD before helping people with sexual abuse history made him unable to work.
- EE is an advocate for people who are less advantageous than him. - he wants to spread kindness, help and knowledge.
- EE has his own ABN and website richmclean.com.au. He is a sole trader.
- I advised EE that we would provide further information to EE once we have sought clarification from the NDIA.
- EE advised he preferred email correspondence and wanted a detailed explanation and legislation as to why he isn't covered under the scheme. I confirmed we would provide him with an update/next steps soon.
