

Dear Bizcover,

I am making demand for payment and that will be backed by my lawyer who this is BCC to.

Failure to make an offer by 12 midday on 18th of October 2022 will cause me to direct my litigation team to sue not only for what is already owed but for pain and suffering and your part in a conspiracy to pervert the course ion justice.

It actually ended in my murder in Feb 2021 and from that point on I have been framed.

You may think you are immune from prosecution now that the OPMC refuse my FOI and reject my PID and that I am banned at AFCA and I am framed as an extortionist by Mr Russell ball who informs Government policy.

This is incorrect.

My policy:

**Policy Number Policy
Cover**

Insurance Period

LPS016832716-M14933

PI & PL - Vero

Professional Indemnity \$5,000,000

Public Liability \$20,000,000

For the period: 4.00pm Local Standard Time on 06 October 2020 to 4.00pm Local Standard Time on 06 October 2021

Professional indemnity is classified as:

A third party has used libel and slander to affect and destroy my business www.richmclean.com.au and was part responsible for a conspiracy in which I was framed.

It was Mr Russell ball of Ball and Partners.

He silenced my evidence and he framed me as an extortionist to HCC MHCC The Police IBAC The Victorian Inspectorate and The Ombudsman.

Mr ball informs Government policy and advises the Ombudsman.

I have not had my FOI rejected from the office of prime Minister and Cabinet.

This is due to the false claim about me and the claim also led to the failure of my case at VOCAT where a Geelong magistrate cited me as 'doomed total'.

This is because it was seen as I made the story up to extort money.

It is false as well.

I note that Bizcover have been liable in the continuing causation of my harm by rejecting ally claims and silencing me via me not being able to log in or call and by refusing my emails.

I wish today that this redaction of my prosperity has caused me harm and is an allegorical intention of profound family violence that my former partner Steve Iasonidis acts out in the spirit of assassinating me and my life and aided and abetted my death in a murderous tone and this is proven because of the fact that he could solve my homelessness in an instant but he does not because that harm is intended for me.

He also admitted being present at a murder tome and henceforth is a candidate for being a murder via cowardly means of acting to destroy me via proxy attack.

Now this is a police matter.

My account details are:

BSB 063307

ACC: 10140384

I will expect a deposit or an agreement by 12 midday tomorrow.

Failure todo so will make me direct my lawyer to identify Bizcover in the systemic injustice that has been the causation of my murder that I survived and the further oppression of me as an individual including a vile victimisation of disabled person.

I will also take it to the federal circuit court and prosecute all who have been guilty in conspiracy to pervert the course of justice a vile victimisatcionnand malicious intentions to harm via coercive financial means of abuse.
